W. Germany Becomes Independent Nation

Economy Ax Hits U.S. Forces

AD—W. Germany Becomes. . . BONN, Germany (Thursday) (AP) — West Germany joins the ranks of independent nations Thursday, and a big economy ax swings down on U. S. forces that have occupied this country for 10 years with British and French troops.

The big change comes automatically as soon as British and French high commissioners deposit their documents ratifying treaties restoring sovereignty and permitting Allied troops to remain only as defense forces. The United States and Germany already have taken this step.

This is what it will mean for the Allied forces: Strict economy is the order of the day. No more castles on the Rhine for Allied high-ups. Allied troops in general will be required to observe German law. The Allied courts that tried their various nationals for offenses have faded out. Military offenses will still be tried by courts-martial.

The soldiers will be able to keep their most valuable privileges — the right to buy customs-free goods in the servicemen's stores. This means continued access to cheap cigarettes, coffee, tea, liquor, perfumes and other luxuries at prices far below German costs. But rations on some of these items have been cut at German request, such as the present limit of 10 packs of cigarettes weekly for U. S. soldiers instead of 15. They can buy no package coffee if they live in barracks.

The soldiers will still be able to drive their private automobiles on cheap quartermaster gasoline, and the cars will be free of the stiff German horsepower tax.

On the whole, American, British, French and Belgian forces have been told to lead much more austere lives. They will serve as defense forces under NATO, which will need its money for new air.

Shivers' Opinion Of Stevenson Hasn't Changed

WASHINGTON (AP) — Gov. Allan Shivers of Texas said Wednesday "I haven't changed my opinion" of Adlai E. Stevenson, the 1952 Democratic presidential nominee whom he refused to support.

The Texas chief executive also told reporters he expects to attend the Democratic National Convention next year as a delegate.

Stephen A. Mitchell, the former chairman of the Democratic National Committee, has predicted that Shivers, among others who backed President Eisenhower in 1952, will not be seated as delegates at the party convention next year.

Carmine de Sapio, Tammany Hall leader who will have a powerful hand in controlling New York State's biggest - in - the - nation block of convention delegates, also took a rap at Stevenson, even though mildly and indirectly.

Any Democrat, De Sapio said, "should feel honored to have bestowed on him the high honor of designation for the presidency of his country. I do not think anyone, under our system of government, should remain coy and have to be drafted."

Asked whether he was talking about Stevenson, De Sapio paused, grinned, and said he had referred to "any Democrat."

But he wouldn't go as far as Gov. Averell Harriman of New York, who has said he is for Stevenson for the party nomination in 1956. And he didn't rule out the possibility that Harriman himself, might take the prize in 1956.

TO DISTRIBUTE WILDLIFE FUNDS

WASHINGTON (AP) — Officers of two national wildlife associations said Wednesday more than 13 million dollars in accumulated wildlife funds should be distributed to states without delay.

The testimony was given at a Senate Interior subcommittee by Charles H. Callison, secretary, National Wildlife Federation, and C. R. Gutermuth, vice president, Wildlife Management Institute.

The committee is considering several bills. One would make available to the states over a five-year period on a non-matching basis \$13,467,468 in accumulated funds.

S. Viet Nam Officials Meet To Decide On Fate Of Bao Dai

SAIGON, South Viet Nam (AP) — Seven hundred municipal and provincial officials from all parts of South Viet Nam met Wednesday to decide whether Chief of State Bao Dai should be stripped of his powers or deposed.

By car, truck, plane and horse-drawn cart they poured into Saigon for a "States General" Assembly, the nearest thing to a popular National Congress Viet Nam has ever had.

Summerfields Sue To Recover \$183,895 Taxes

BAY CITY, Mich. (AP) — Postmaster General Arthur E. Summerfield and his wife, Miriam, filed suit in Federal Court Wednesday seeking to recover \$183,895 paid to the government in taxes.

The suit stemmed from a dispute over the amount of taxes due on \$440,000 received by Mrs. Summerfield for the sale of 333 1-3 shares of stock to the Summerfield Chevrolet Co. in Flint in 1948.

Attorneys for the Summerfields have contended that the proceeds from the stock sale should be considered as long term capital gains and subject to a lower tax rate than ordinary dividends.

The government contends that \$275,000 of the total should be regarded as ordinary dividends and thus subject to the higher rate.

The \$183,895 was paid by the Summerfields in three payments as alleged deficiencies and interest.

Trout Fishermen Desecrate Tenets Of Izaak Walton

CHARLESTON, W. Va. (AP) — Izaak Walton probably would have fits at the way West Virginians tore out after the trout.

They tossed cheese as bait, went afloat in a hog scalding trough and mobbed ponds in which the trout were trapped.

West Virginians numbering 100,000 set out for the trout, the Conservation Department reported Wednesday in a summary after the first weekend of the season.

They descended in droves on five impoundments, lakes or ponds from which there is no escape for the fish.

Two of the five impoundments were cleaned of 65 per cent of the fish by Sunday night.

About 1,500 surrounded a two-acre pond opening day, Saturday. There were so many lines in the water at one time that some trout were hooked by metal tags on their tails. They were tagged by the Conservation Department which had supplemented the natural trout supply with 300,000 stocked in 180 streams and the 5 ponds.

The Conservation Department dumps trout into the impoundments and permits fishermen to go after them as part of its program to encourage fishing.

Ike Reports Mamie's Not Too Robust But Health Is Good

WASHINGTON (AP) — President Eisenhower Wednesday gave a calm, rather detailed report on his wife's health. He said she is not as robust and strong as some people but "she is a good healthy person, I think, in the general meaning of that word."

The President declined, at his news conference, to say a word about the recent statement by Democratic National Chairman Paul M. Butler that Mrs. Eisenhower's health was a factor which might cause her husband to refuse renomination in 1956.

A reporter cited this statement, together with a White House announcement last week that the First Lady has not yet recovered fully from an illness, as reasons for bringing up the subject.

Eisenhower said Mrs. Eisenhower's health for the past two years has "probably been better than normal"—better, that is, than ever the past 10 years.

"She did have a very serious virus infection a good many weeks ago," the President said, "and it seemed impossible for her to throw it off."

Before them were two proposals, both indicting the Chief of State who has remained in France a year while his country was beset with war and postwar problems and torn by civil strife.

The first, drawn up last week by a National Revolutionary Committee, would oust Bao Dai.

The second, apparently sponsored by Premier Ngo Dinh Diem, would oblige the ex-Emperor to yield his powers, first to the Premier and then to a popularly elected National Assembly.

This scheme could produce a constitutional monarchy with Bao Dai as figurehead ruler or a republic with a figurehead President like those of France and Italy.

Usually well-informed sources reported the United States believes a constitutional monarchy would be best for Viet Nam, but State Department spokesmen in Washington said the U. S. government would support any democratic form which is developed—provided it represents the will of the people. That, they added, could be a republic with a President and a Prime Minister.

Until now, Bao Dai has been the sole authority for naming Viet Nam's premiers and military commanders. The French chose him and he has never had to answer to popular opinion.

He was defied by Diem and army leaders when he attempted to exercise these powers in the middle of the revolt started last week by the Binh Xuyen society's private army.

Now Diem and his supporters seek to transfer governmental authority to a National Assembly which would choose ministers and leave the Chief of State—monarch or president—only their confirmation in office.

The Premier's resolution proposes that supreme power first be transferred to him while he arranges for national elections to pick the new Assembly within four months. Once installed, the Assembly would receive the powers.

Ferrell was the second of three former public officials to be tried for the murder last June 18 of A. L. Patterson, the Democratic nominee for attorney general who had vowed to rid Phenix City of its reign of racketeering.

Ex-Chief Deputy Sheriff Albert Fuller, who rose to power along with Ferrell during the heyday of vice, was convicted in the same courtroom March 11 and sentenced to life in prison.

Former Atty. Gen. St. Garrett, the man Patterson would have succeeded, is under treatment for a mental disorder in Galveston, Texas and his trial has not been set.

The jury foreman, reading the verdict, said "We have prayed over this and we offer apologies to no one."

A man standing beside the boys looking at movie photos in a display case was injured critically.

Eyewitnesses told police that the driver, Louis Robitaille, 46, of Bay-side, Queens, was stricken while driving in Flushing.

Killed instantly was Jackie McDonnell, 14, College Point. His mate, Howard Huck, 13, died at a hospital two hours later.

Two Students Hit, Killed As Driver Has Heart Attack

NEW YORK (AP)—A big car, its driver apparently dying of a heart attack at the wheel, swerved wildly across a crowded Queens street Wednesday and crushed to death two high school boys at the entrance of a movie theater.

A man standing beside the boys looking at movie photos in a display case was injured critically.

Eyewitnesses told police that the driver, Louis Robitaille, 46, of Bay-side, Queens, was stricken while driving in Flushing.

Killed instantly was Jackie McDonnell, 14, College Point. His mate, Howard Huck, 13, died at a hospital two hours later.

"This also has an allergy to some of these drugs that some of the rest of us can take without any great difficulty, and it has been a real problem for the doctors to bring her back to her accustomed state of health."

Eisenhower added that this "spring difficulty" had affected "a number of my other friends," too.

10.5 Million CCs Vaccine Released Since April 12

WASHINGTON (AP)—The Public Health Service announced Wednesday it has authorized five manufacturers of Salk polio vaccine to release a total of 10½ million cubic centimeters since April 12. It has withheld action on 3,900,000 CC awaiting additional data.

This means that production made available for use has totaled 10½ million CC. There were estimates by six manufacturers on April 22 that they would turn out 17,200,000 CC by May 1.

The service said its Laboratory of Biologics Control had received protocols up to Wednesday afternoon covering a total of 14,780,000 CC, exclusive of the product of the Cutter Laboratories, Berkeley, Calif. The protocols are technical reports on the manufacture and testing of batches of vaccine.

The Cutter product has been temporarily withdrawn pending an investigation by the Health Service because some children inoculated with it developed paralytic polio.

Welfare Department spokesmen said Cutter had been counted on to provide about 10 per cent of the anticipated 17,200,000 CC by May 1.

On that basis, if Cutter had met its estimates indicated production up to now would be in excess of 16,500,000 CC.

In New York the National Foundation for Infantile Paralysis said late Wednesday it had authorized shipments of 1,115,000 CC Wednesday, bringing the grand total of vaccine shipped by the foundation to 7,570,400 CC.

Fired Phenix City Official Acquitted Of Murder Charge

BIRMINGHAM, Ala. (AP)—A jury that offered "apologies to no one" broke a 13-hour deadlock Wednesday and acquitted ousted Prosecuting Atty. Arch Ferrell of the murder of the crime fighter who has sworn to clean up Phenix City.

In a tense, crowded courtroom ringed by extra squads of police and sheriff's deputies, jury foreman Robert Lee Haley read the verdict after 13 hours and 11 minutes of deliberation.

Ferrell was so shaken that he had to be helped from his seat and led into the chambers of presiding Judge J. Russell McElroy. His attractive brunette wife who had testified in his behalf accompanied the 38-year-old defendant out of the courtroom.

Ferrell was the second of three former public officials to be tried for the murder last June 18 of A. L. Patterson, the Democratic nominee for attorney general who had vowed to rid Phenix City of its reign of racketeering.

Ex-Chief Deputy Sheriff Albert Fuller, who rose to power along with Ferrell during the heyday of vice, was convicted in the same courtroom March 11 and sentenced to life in prison.

Former Atty. Gen. St. Garrett, the man Patterson would have succeeded, is under treatment for a mental disorder in Galveston, Texas and his trial has not been set.

Broyles Bills Criticized By Lawyers' Board

ROCKFORD, Ill. (AP)—The Board of Governors of the Illinois Bar Assn. Wednesday criticized the Broyles anti-Communist bills as detrimental to civil rights.

Karl C. Williams, Rockford, president of the association, said the bills "as drafted may result in the infringement upon the traditional civil rights" of the state's citizens.

Williams said the board acted upon a recommendation of the Civil Rights Committee which said the Broyles bills "failed to meet most of the objections expressed against predecessor bills" in the Legislature.

"They still present a grave peril to civil rights in that they are couched in vague terms and attack the free expression of ideas," the committee said.

The Broyles bills, now pending in the Legislature, would require loyalty oaths and prevent communists from holding state jobs.

FRANK FAY TO UNDERGO SURGERY — SANTA MONICA, Calif. (AP) — Comedian Frank Fay, 56, has been admitted to Santa Monica Hospital and will undergo surgery for an undisclosed ailment probably next week.

The actor, who appeared in the play "Harvey" opposite an invisible 6-foot rabbit for more than five years in New York and on the road, entered the hospital Tuesday.

Ike Outlines 'Wait, See' Policy On Cease-Fire

Senate Passes Ike's Foreign Trade Bill

WASHINGTON (AP) — The Senate Wednesday night overwhelmingly passed President Eisenhower's foreign trade bill, empowering him to cut American tariffs to spur world commerce.

Approval came on a 75-13 roll call vote. It was a big victory for the President on what he has called a key measure in the effort to bolster the free world against communism. The Senate beat back several attempts to alter the legislation from the floor.

The bill now goes to conference with the House but the President is assured of success on these major provisions since they have been approved by both branches:

1. An extension of the 1-year-old Reciprocal Trade Agreements Law to June 30, 1958. The present act expires June 12, this year.

2. New power to cut tariffs 15 per cent in three successive 5 per cent steps over the extension period. He may use these to win trade concessions from other nations.

This gives the President new tariff-cutting powers for the first time in 10 years.

The Senate rejected a number of amendments both to add new restrictions to the bill and to liberalize it.

Sen. Neely (D-WVa) pleaded in vain for an amendment which would have limited oil imports to 10 per cent of domestic consumption. Imports reached a level of 13.6 per cent last year.

The Neely amendment was rejected on a standing vote.

It was an important hurdle for supporters of the administration program, since adoption of Neely's proposal might have opened the gates for a flood of other commodity relief amendments.

The bill survived another crucial floor test earlier when a substitute plan by Sen. Malone (R-Nev) was shouted down on a voice vote.

Waving his arms for emphasis, Neely told the Senate fuel oil imports were responsible for widespread unemployment in the coal mines. He contended his amendment would heal "this unemployment cancer."

The Senate also defeated 8-9 an attempt by Sen. Douglas (D-Ill) to cut out of the administration measure a section empowering the tariff commission to establish "peril points." These are points below which, in the commission's opinion, tariffs cannot be cut without damaging American industries.

Dismiss Illinois Civil Defense Group From A-T-C

SURVIVAL CITY, Nev. (AP)—Illinois' civilian defense delegation was dismissed from the atomic bomb test Wednesday because of continued postponements blamed on weather.

"With deep regret I am releasing the whole Illinois delegation," Brig. Gen Robert M. Woodward, the state's CD director, announced. Originally the Illinois group numbered more than 30. By Wednesday it had faded to only six after nine days of postponements of the test.

Atomic scientists rescheduled the nuclear blast for pre-dawn Thursday. They said adverse winds and high clouds forced the postponement of any shot Wednesday.

The Illinois delegation was not the only one that dwindled because of continued postponements. The Civil Defense field group, including many men and women in their 50s and 60s, numbered more than 350 last week when the test originally was scheduled. It has fallen off to about 200.

SHREWD BUSINESSMEN OUTWIT BURGLARS — WESTERN, Neb. (AP)—It was a tight smart move that the businessmen of Western made when they closed up shop late Wednesday.

They emptied their safes and cash drawers and took all the money to the bank.

The reason for the unusual move was that burglars have been busy in the area and the businessmen feared Western might be on the list of towns to be visited by the prowlers.

It was. Early Wednesday nine places—that's nearly every one in town—were broken into.

"It was pretty light pickings," said Sheriff John Tesar.

BOOST IN PERSONAL INCOME — WASHINGTON (AP) — Rising employment helped boost personal income by two billion dollars during March to an annual rate of 264½ billion, the Commerce Department said Wednesday.

For Voluntary Vaccine Distribution System

WASHINGTON (AP) — President Eisenhower outlined Wednesday a "wait and see" policy for dealing with Communist China on a possible cease-fire in the Formosa Strait region.

The President also told a news conference this country has no present intention of stationing big or permanent land forces on Formosa to help Generalissimo Chiang Kai-shek defend that Chinese Nationalist stronghold.

And he said he expected the Chinese Reds to provide ample clues as to their intentions if they strike at the offshore islands of Matsu and Quemoy. This country has indicated its readiness to defend those islands if the Reds attack them as a prelude to moving against Formosa.

Eisenhower was brief and almost casual in his discussion of the Pacific situation. His manner as much as his words suggested he may regard the tension there as having relaxed somewhat in recent days.

Plainly, the big thing on his mind Wednesday was the Salk polio vaccine, its proper distribution and safe use. He volunteered the comment that he's strongly for the present voluntary distribution system. But the White House announced later authority will be asked for the government to buy up vaccine if necessary to put it where it's needed. The President pledged that no child will ever go without the vaccine because of lack of money.

Eisenhower was asked by Marvin Arrowsmith of The Associated Press if there has been any progress in the past week toward arranging any cease-fire negotiations with the Chinese Reds, and he replied:

"No. As a matter of fact, as far as this country is concerned, we are sort of in a wait-and-see attitude. There are, as you know, a number of countries that are interesting themselves in this, and conducting explorations. But there is really nothing new to report."

The President's answer tended to bear out a belief in Washington that the government is holding up any action of its own pending mediation efforts by Britain, Pakistan and India.

Eisenhower also was asked how he would go about distinguishing a "local" attack on Quemoy or Matsu from one that was aimed at capturing Formosa.

Plane, Carrying Nine, Catches Fire In Air, Crashes

REYKJAVIK, Iceland (AP) — A U. S. Air Force Flying Tanker carrying nine men caught fire in the air and crashed Wednesday in the stormy Atlantic Ocean.

Rescue planes reported sighting a big oil slick and what appeared to be wreckage of the plane, but said there was no sign of survivors.

U. S. Air Force headquarters in London said the plane belonged to the 310th Air Refueling Squadron, normally stationed at Salina, Kan. The squadron now is on an overseas tour of duty.

The Air Force said a distress signal from the plane reported the craft caught fire about 90 miles off Iceland's coast. The plane was bound from Keflavik, Iceland, to Prestwick, Scotland.

The Air Force's full Air-Sea Rescue Team was ordered into action, an Air Force spokesman said.

An Air-Sea rescue craft from Iceland and Britain combed the crash area.

A B29 rescue plane carrying a lifeboat hovered over the scene on the dwindling chance that some of the crew members were able to get clear of the wreckage.

Air Force Headquarters said late Wednesday the search was still going on.

Democrat's Rap Ike's Rule

WASHINGTON (AP)—Democratic governors jumped on the Eisenhower administration Wednesday for what they called complacency toward unemployment and neglect and indifference toward farmers.

Gov. G. Mennen Williams of Michigan said that "somebody is going to call us harbingers of gloom and doom." But he said dairy farmers in Michigan are "losing their shirts" 5 per cent of the workers are out of jobs, and bankruptcies and business failures have increased since the GOP took over in Washington.

Gov. Orville L. Freeman of Minnesota suggested Democratic governors ought not to sit back and watch "the administration break its arm patting itself on the back." He said they should demand something constructive from the Republicans and if they don't get it, "see what can be done about removing them."

mainder for state colleges and universities.

Meek suggested that the Legislature appropriate 5 to 10 million dollars for emergency school needs and also provide a method for school districts to borrow money without interest.

James Kittler, president of the Moline Assn. of Commerce, said many persons in Rock Island County already are evading the two-cent Illinois tax by going into Iowa and that the one-cent increase "would aggravate that problem."

Kittler, an automobile dealer, suggested that enactment of use tax and broadening the sales tax to include services and occupations now exempt be substituted for the sales tax proposal. The use tax would apply to sales levy to products purchased outside the state by Illinois residents.

Stratton has recommended the use tax along with the sales tax hike.

Other witnesses who testified included Roy Guernsey of Block and Kuhl, Peoria; and A. D. Reitz, Champaign merchant.

Subpoena Records, Books Of Juke Box Industry

CHICAGO (AP) — Subpoenas for books and records pertaining to the juke box industry have been served on distributors of the machines in seven Midwestern cities, federal prosecutors said Wednesday.

A federal grand jury began investigating the industry Wednesday for possible violations of the antitrust laws.

Distributors of the music-makers in Milwaukee, Kansas City, Mo., Cleveland, St. Louis, Youngstown, Ohio, Minneapolis, and Rockford, Ill., have been directed to produce their books and records Friday. Prosecutors declined to name the distributors in advance.

Earl Jinkinson of the antitrust division, who is heading the inquiry in Chicago, said a total of 50 subpoenas have been issued for manufacturers, distributors, operators and three unions servicing the automatic phonographs.

Peanuts—Dodger Fans Help Block Rigid Ag Prop Plan

WASHINGTON (AP)—A Democratic plan to return to rigid farm price supports ran into trouble in the House Wednesday—partly because Brooklyn Dodger fans don't get enough peanuts.

Bitter complaints were aired on the House floor that as a result of price props and government controls there are mighty few peanuts in the bags sold to baseball booters in Brooklyn.

Whereupon Northern Democrats joined with Republicans in a teller vote of 186-150 to drop peanuts from the list of commodities that are considered basic for price support purposes.

The vote, while subject to reversal on a later roll call, showed that opponents of rigid price supports were in control and Democratic House Leader McCormack (Mass) said further action would put over until Thursday.

The peanut amendment was offered by Rep. Green (D-Pa), who said the government has lost 118 million dollars supporting peanut prices since 1946. He said the support has discriminated against users of peanuts.

Editorial Comment

A TRADITION OF SERVICE

National Hospital Week, May 8-14, offers a good opportunity to take stock of our hospitals.

The theme of the week, "Your Hospital . . . A Tradition of Service," best sums up hospitals' accomplishments and continuing goal.

From the 178 hospitals and 34,000 beds listed in the first hospital census in 1873, the list has grown to some 7,000 hospitals with a bed total in excess of 1,500,000. The growth figures are impressive but more impressive are the advances in hospital care administered within these institutions.

In the last 20 years alone the length of stay of the average patient in a general hospital in the United States has dropped from 14 to 9 days. The reduction in length of stay, and also the drop in the hospital mortality rate, results from many advances in medical research and from improvements in hospital administration.

The last 50 years have seen a vast number of changes in the concept of hospitals and the care they render. Each stride forward in technological procedures and medical science has increased the people's demand for hospital service.

We have come to rely increasingly on the hospital as a health center and to take its activities for granted. National Hospital Week provides us with an opportunity to recognize the complex of activities that takes place within it.

Jacksonville is blessed with good hospitals. They serve thousands of patients each year with considerate care and scientific services.

Our hospitals are in charge of highly trained, efficient staffs; their work is encouraged by many loyal friends who have contributed liberally in the past, and who will continue to do so in the future to sustain the high type hospital services which have always been available in Jacksonville.

NO NEED FOR FEAR

The announcement that some youngsters who were inoculated with Salk polio vaccine, as produced by a particular firm, have since contracted polio should be taken in calm stride by the American people.

By and large, the parents who first allowed their children to participate in the great test of this vaccine responded with firm good sense. That same attitude is called for now.

The authorities do not believe the vaccine is at fault, but they have withdrawn this particular batch as a precaution. Obviously the matter requires the kind of intensive study that was given to all phases of the original test. Until that study has been made, there is no reason to jump to conclusions.

That is the advice of Dr. Jonas Salk himself. There is no need for fear or panic. The American people are too steady a lot to fall into that. Surely they will wait patiently while the cases in question are investigated.

Boyle's Column

By HAL BOYLE

NEW YORK (AP)—If you are worried about your health, here is a consoling thought—you probably won't die laughing.

Laughter never has been a leading cause of death in any civilized country, and the danger of it knocking you off in this country is diminishing every year.

"We're a sober lot and getting soberer," said Charles Morton, a thoughtful humorist who never lets the foibles of a confused world disturb his own very good cheer.

"It is becoming more difficult for us to laugh at ourselves. Everybody's terribly cautious. They're afraid of offending someone. As the money stakes get higher and our enterprises larger, everything seems to become desperately serious."

"This is too bad. There is enough that is upside down in this world to warrant anybody having a good big belly laugh."

Morton, associate editor of "The Atlantic Monthly," is one of the few remaining masters of the light

article, a deft humor form brightened by such predecessors as Stephen Leacock and Robert Benchley. After surviving the feminine indignation aroused by his book on "How to Protect Yourself Stupidities," Morton has come out with a new and equally funny guidebook to current "stuffed shirtisms" called "A Slight Sense of Outrage."

Among other things Morton is outraged by the V-necked men's pajamas ("men with their collars off look like picked chickens") and writers who describe bananas as "the elongated yellow fruit" and billiard balls as "the numbered spheroids."

In an age of speed everything comes and goes faster. The lightning wisecrack and the one-line cartoon gag now characterize the nation's comedy. The leisurely light humorous essay is slowly dwindling.

"There are few markets left for it," said Morton, who says he wouldn't advise any mother to try to raise her boy to be a light writer.

The World Today

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—Presidents Truman and Eisenhower both reached a point in their White House stay where things began to look a little better to them around the world.

Truman guessed wrong, and remained in office long enough to find it out. Eisenhower has 21 months of his term left. That should be long enough to tell whether his present careful optimism is justified.

When Truman faced reporters April 13, 1950, he had been in office five years and one day. In those five years, in which the wartime allies had split and the cold war had begun, this country had taken a number of steps to stop the spread of communism.

It had armed Greece and Turkey; it had created the Marshall Plan to get Western Europe back on its feet and it was succeeding; and it helped set up the North Atlantic Alliance.

But communism had spread nevertheless: after taking over the satellites, the Communists got Czechoslovakia and the Chinese Communists, late in 1949, took over China.

Nevertheless, the Truman administration was cutting down its military spending and on April 13, 1950, the President told newsmen the prospects for peace looked better than at any time since the cold war started in 1946.

Then in June the United States was in war in Korea and remained in war for the rest of Truman's term.

The Eisenhower administration, explaining its increased reliance on new weapons, is cutting down the size of the armed forces although Gen. Matthew B. Ridgway, Army chief of staff, has taken a gloomy view of Army reductions.

On military spending Truman and Eisenhower faced the same problem: the country couldn't afford to stay fully mobilized indefinitely. Both men sought a middle ground.

Last week Eisenhower told a news conference, "I confess I have a feeling that things are on the upswing." But he said he could take every single favorable point and balance it by something that doesn't look too favorable.

Eisenhower had obtained a truce in Korea so there was no war now. And as hopeful signs of peace—perhaps he noted Russia's expressed willingness to sign an Austrian peace treaty and the growing confidence around the world in this country's peaceful intentions.

In addition the Red Chinese have suggested talks to "relax tension." Turning this picture around, Eisenhower mentioned events which may mean serious trouble: the Red Chinese air power buildup opposite Formosa; the trouble in South Viet Nam.

Maybe Eisenhower's "feeling" about "things on the upswing" will turn out better than Truman's optimism about peace. Maybe.

Good Seasons Stuffed Eggs (Makes 6 servings)

Part of Mr. Molotov's Bag of Tricks

BY EDWIN P. JORDAN, M.D.
Written for NEA Service

There is probably no other human ailment which shows as close a relation to seasons as the miserable affliction known as hay fever. The reason is well known: the most common variety is directly related to the pollination of certain plants and the sensitivity of the victim to these pollens.

Although people may be sensitive to different pollens, far and away the most important in the Northern Hemisphere are those of the ragweed family which are extremely widespread and which pollinate for a month roughly following Aug. 15 (depending on the location).

For Those Who are sensitive to ragweed pollen, it is not too soon

to consider injections for the coming season.

Some, of course, have been taking the injections all the year round and are receiving the so-called perennial treatment. If this is the case, it should, of course, be continued up to and through the "season."

Some victims of ragweed hay fever seem to do well if they take the injections for several months prior to the beginning of the fall ragweed-hay fever season. The decision as to which method to follow should rest with the doctor giving the treatment. In any event, either method is much better than waiting until the last minute to start injections.

Sufferers From hay fever do not all get the same amount of relief

★ DR. JORDAN SAYS ★

It's Not Too Early to Start Hay Fever Injections

from this treatment. However, the results obtained today are better than they were several years ago.

Some people who receive the treatments get almost complete relief. A large number are greatly improved; that is, instead of being completely miserable for three or four weeks, they may be really uncomfortable for only a few days.

Some People Seem to get little, if any relief from this treatment. But the number of people who are in this group seems to be constantly shrinking.

With this in mind, people who have hay fever and plan to try the injection treatment should start soon.

The improved pollen extracts and increased knowledge of what does to give has greatly improved the chances for complete recovery, or at least enough improvement to make the effort worth while.

'Kitchen Cabinet' Will Tell 'What's Cooking' in Capitol

By PETER EDSON
NEA Washington Correspondent

WASHINGTON (NEA)—A feminine "Kitchen Cabinet" to tell the housewives of America what work is being done by President Eisenhower's regular, all-(but one)—male Cabinet is now being organized by the National Federation of Republican Women.

This would seem to be just what's needed around here. There are so many things that need explaining. The new Department of Defense policy on censorship, for instance. Or the State Department's policy on liberation.

The rather cute press release announcing this new political gimmick said that the Kitchen Cabinet would put out, "nutritious political recipes to serve their friends and neighbors with a cup of coffee."

This quote was attributed to Mrs. Carroll D. Kearns, wife of the Pennsylvania Congressman and president of the National Federation of Republican Women.

"MONTHLY RECIPES," it said, would be made available by the Kitchen Cabinet to keep the Republican club women of America informed on "what's cooking" in Washington.

This is a most intriguing idea. A sample recipe for Farm Policy Pudding pops into mind at once.

Take several billion bushels of surplus wheat. Grind through legislative mill. Sift into bowl of public debate. Add slowly equal amounts of surplus dry milk solids and butter. Water with an appropriation of several million dollars.

Season with a domestic sugar quota. Stir until thoroughly confused. Bake in the spotlight of publicity. Set aside to cool. Ice with foreign aid gravy, applied liberally. Slice like baloney and serve with shipping subsidy cookies.

But seriously, the big idea here is to get some prominent Republican woman to volunteer her services as an honorary, unpaid "Madam Secretary" for each department of government.

SHE WOULDN'T EXACTLY SIT full time in the office of the real Secretary, or on his lap, to spy on what he was doing. She would just keep in touch.

It would be Mrs. Sec's—careful to spell that with a "c" and not an "s"—It would be Mrs. Sec's job to keep herself informed on all the activities of "her" department. Then every month or so she would whip up one of these recipes to let the housewives know what's cooking.

The recipes would be sent to the 4000 local Republican women's clubs which have a total of 500,000 members. In each one of these local clubs there would be a kind of local Mrs. Sec. for each department. Together they would make 4000 local Kitchen Cabinets if everybody joined the fun.

Through these local Kitchen Cabinets, by word of mouth, over the telephone or at tea parties, the news would be spread around on the accomplishments of the Republican administration in Washington. You can imagine a sample conversation:

MRS. SMITH — "YOU KNOW, DEAR, I JUST got the grandest new monthly recipe from Mrs. Attorney General in Washington today. Yes, she told me that Congress had just passed H.R. 4426, to amend the act of 1922 relating to installation of telephones in certain private residences for Federal use. How DO you suppose the government got along without that before?"

Mrs. Brown — "Do tell."

There was some consideration at first about asking the actual wives of the real Cabinet members to take these Kitchen Cabinet jobs. They'd certainly know their husbands' business better than he would, anyway.

But in the end it was decided to ask the real Cabinet wives to serve only as advisers or consultants to the Kitchen Cabinet ladies.

None of these Kitchen Cabinet-teers has been named as yet. It may be a month or more before they're announced. And they probably won't start sending out their recipes on what's cooking in Washington till next fall.

Can you wait?

In Hollywood

By BOB THOMAS

HOLLYWOOD (AP)—Wendell Corey could write a book about his tour with "Caine Mutiny Court Martial." Suggested title: "With Douglas in the Deep South."

You'll recall that Paul Douglas, who played Captain Queeg in the troupe, was reported to have popped off in Greensboro, N. C., that "The South Stinks. It's a land of squalor and segregation."

The casual remark to a Greensboro Daily News reporter started a chain reaction. Producer Paul Gregory canceled the play's tour, declaring that Douglas' remark had so infuriated the South that business would be poor. Douglas denied he issued the quote and sued Gregory for a million dollars. Actors Equity placed the publican club women of America on probation for a year because of his conduct on the tour.

How did the hassle look to an innocent bystander? Corey, mild-mannered but plain-spoken affords a view.

"Naturally, the rest of the company wasn't happy about his remarks," said Corey. "But I'm not sure what effect they had on business. There was a little resentment in Greensboro before we left. But we went on to good business in places like Atlanta, Jackson and Birmingham — and you can't get much deeper South than that."

"Actually, the people in the South have a lot more sense than we give them credit for. A lot of the folks down there took the incident in good humor."

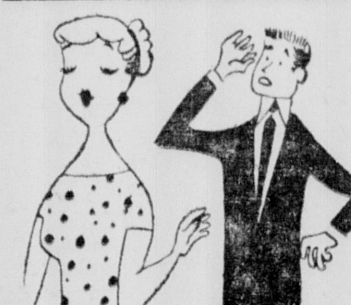

Corey explained that the company had swung up to Pittsburgh when the cancellation came from Gregory. Other southern dates remained to be played. Then the producer was threatened with law suits by civic groups and others who were sponsoring the canceled dates. He whipped up a company headed by William Bendix to fulfill the obligations.

"They asked me if I would go along," Corey said. "I said I'd do it for \$3,000 a performance."

The actor indicated he had enough sailing aboard the Caine. From last July to February, he toured in almost every state of the nation, plus Canadian provinces. While he found it a worthwhile experience, he doesn't plan to repeat it soon.

His comment about Douglas: "He was a very effective performer on the stage; everything was professional. We weren't exactly friendly, but we weren't unfriendly either. In San Francisco, Steve and I would ask him to have a drink with us. He said no, he'd rather be alone. So we never bothered him after that."

Manners Make Friends

When a girl begins to date her mother should impress on her that if she accepts a date to a party with one boy she must not break it if a boy she likes better finally gets around to inviting her.

Boys, she should be made to understand, have feelings just as girls do.

It's the Little Things in Life That Bring Real Joy

Maybe it's just spring. But today I am sure that it isn't the big things in life that bring us real joy, but all the little things.

Three days ago I noticed with delight that a pair of wrens were house hunting in our back yard. So stopping a column in the middle of a paragraph I rushed out to hang a wren house built by our 13-year-old son. The house was fashioned from a thin board long enough to allow for an overhang a family of birds could turn into a front veranda and a flowerpot turned upside down for a Mexican style adobe dwelling. Today the pair of wrens are busily making the new house livable.

A gardenia bush a nurseryman assured me could never be saved after a hard freeze turned it black and brittle several years ago has finally flourished under loving care and is getting ready to bud and by June will be covered with waxy white blossoms.

SPRING BRINGS NEW LIFE

A rosebush that is a direct descendant of one under whose arch we used to play house when I was a child has reached the top of the roof of our house. Wherever my parents moved my mother always took along a clipping from a bush that originally came from a clipping of that old silver moon rose. When we moved into our present home, she rooted a clipping for us so the great-great-granddaughter of that old silver moon, that used to grow in the back yard of my childhood home in Tennessee, is flourishing in Texas.

I have just transplanted a bed of petunias given to me by an elderly neighbor who a year ago was gravely ill, but this spring is back at work again in his yard growing enough to share with anyone who admires them and wishes out loud they had his green thumb.

The daisies that came from my mother's farm in Memphis and were squeezed into the back of a car trunk for a 700-mile trip are in full bloom.

Next week there will be something new in bloom or perhaps the strange-looking, greenish-yellow birds that played in the sprinkler last summer will be back. A-vent these things that bring us joy, or does it just seem so today because it's spring?

This Nursery School Problem Is Tussle With Selfishness

By MRS. MURIEL LAWRENCE

Two months after Eric's brother was born, his mother placed Eric in her local nursery school. He has not "adjusted." His teacher thinks he's jealous of the baby. She says he'll accept his new school experience as soon as he's accepted his new home one. And she warns that removing him will hurt him psychologically.

His mother writes: "My family thinks I should remove him. One person says one thing; somebody else another. I am so confused. Please tell me what you think. . . ."

But what I think doesn't matter any more that it matters what Eric's teacher or his mother's family thinks. It's his mother's thinking that matters here.

As it's confused, let's see if we can clarify it.

It could be that her thought is this: "I want to keep Eric in nursery school because it keeps him and his troublesome jealousy out from under my feet for five hours a day."

This, of course, is a shockingly selfish thought. So Eric's mother may be pretending she isn't thinking it. If so, it's why she's been pursuing the thoughts of other people. It's why their thoughts have been making her feel more and more helpless and inferior.

Let's just accept this selfish thought. It won't be easy. Eric's mother will loathe the idea that she has a selfish idea. But the struggle to be kind toward her own selfishness is moral warfare. And I promise she'll be rewarded for her victory.

She will find kindness in herself for Eric's jealousy.

Now because she can't sympathize with her own selfish wish to get rid of Eric for five hours a day, she has no appreciation whatever of Eric's wish to get rid of that inconvenient baby. His desire to have things cozy for himself is a bore.

Well, that's the way we're always doomed to feel toward children's selfish wishes when we're scared of our own. If his mother is brave enough to know her own struggle, her decision will be made. She'll want Eric home with her all day to help him with his.

Mother's Day Special Offering For Servicemen

Local congregations of the Lutheran Church—Missouri Synod will participate in a nation-wide special offering for the Synod's service people on Mother's Day, May 8. The collection has become traditional in the church's more than 5000 congregations.

The offering will be used solely for the spiritual care of the denomination's youth in the armed services, who number more than 32,000 or one percent of the total strength of our country.

"Any cuts in the size of our armed forces will not affect the program of the church for her servicemen," Dr. Paul L. Dannenfeldt, chairman of the Synod's Armed Services Commission, declared. "As long as our young men are called into service, the church must minister to them."

The program includes the co-operation of more than 500 chaplains and contact pastors, inclusive of chaplains and pastors who serve Lutherans at Veterans Administration Hospitals. The annual Mother's Day Offering also sustains 49 service centers at home and overseas. These centers, which are supervised by pastors, offer opportunities for spiritual counseling and informal hospitality. The centers are open to all service people. The program also embraces the monthly mailing of private worship pamphlets and devotional materials. A pictorial pocket magazine "Double-Time" is sent out quarterly.

"Mother's Day is most appropriate for this offering," commented Dr. Dannenfeldt. "Our mothers certainly find comfort in their concern for their sons and daughters, knowing that the church is always with them."

Maj. Servais Reviews Salvation Army Work

Major Henry Servais reviewed his 10 years of service with the Salvation Army in Jacksonville, at the regular meeting of the advisory board held at the Hamilton Cafe Tuesday night.

Major and Mrs. Servais are starting their 11th year with the Salvation Army in this area. Before the meeting members of the advisory board went to the site of the new Salvation Army building on West Douglas avenue to inspect the building now under construction.

Work on the building being erected by the Hugh Gibson company is progressing satisfactorily. The concrete floor of the chapel was laid Tuesday and the floor of the recreation room to the east of the chapel was being poured Wednesday morning.

Glaziers were also busy Wednesday installing the glass in the chapel and electricians were putting the wiring in place.

Need \$12,000 More

It was reported at the meeting of the advisory board that approximately \$12,000 was still needed to complete the building.

Members of the board have been conducting a campaign among interested citizens and have raised \$3,000. It is hoped that several persons who made pledges during the campaign for funds will send in their checks as the money is badly needed.

C. A. Johnson, treasurer of the board gave a financial statement showing all of the receipts and expenditures for the new building.

Interpreting The News

By J. M. ROBERTS
Associated Press News Analyst

The growing number of international agreements for development of peaceful uses for the atom suggests a snowballing motion toward the atomic future.

The United States has just signed an agreement to lease uranium to Turkey and provide the technical assistance needed for building and operating a reactor there.

This agreement is merely the first of quite a number expected to go through soon, a number which probably will be greatly increased after this summer's conference of experts on the best ways of exploiting the Eisenhower-United Nations proposal.

Two smaller nations — Holland and Norway — already are cooperating in the operation of a reactor in Holland.

They and ten other European nations also are cooperating, under the auspices of the United Nations, in construction of a reactor in Switzerland as a center for nuclear research. This plant is well under way.

Norway announced March 24 that she was working on an atomic-powered merchant ship which would demonstrate the possibilities in the ports of the world, and a month later President Eisenhower announced a similar project for the United States.

The United States is also trying to develop portable plants which could be leased or loaned to power-hungry spots, plants which might even supply the power for building

CHAPIN SERVICE WILL PAY TRIBUTE TO ALL MOTHERS

Next Sunday morning at 9:30 o'clock the Chapin Methodist church will sponsor a special service honoring mothers, living and dead.

Young people of the church are assisting in the service and are arranging a special picture gallery of mothers which may be viewed at the close of the service. Members and friends are asked to bring a picture of their mothers with name attached.

Robert Wegehoff, young organist of Concord, will render special music on the Hammond electric organ.

Those in attendance will be given an opportunity to give verbal tributes to their mothers, and an appropriate Mother's Day message will be given by the pastor.

Everyone is invited to attend this significant Mother's Day service.

ATOMIC TEST POSTPONED

Beginning With Washington The President Of U.S. Has Been The Object Of Potshots

WASHINGTON (AP)—From George Washington to Dwight Eisenhower, the verdict is the same: A president's lot is not a happy one.

If the squirrels damage the putting green on the White House lawn, and three of them are exiled for their crime, the President may be branded an enemy of wildlife.

If he goes regularly to church, he may be accused of making a show of his religion.

But if he doesn't care much for the way some religious leaders go about their business, he may be called an atheist and a potential destroyer of young American womanhood.

If he likes to tell an occasional story in making his point, he may be scorned as a buffoon and a gawk.

It makes no difference whether his actions are public or private, or in some cases, whether they are real or imaginary. The hunting season never closes for those who like to take potshots at a president.

The recent case of the middle-aged squirrels shows how a small incident becomes magnified because it is close to a president. When Eisenhower said the frisky creatures were damaging his green, someone decided they should be toted away. So three were trapped and toted.

Before this momentous question tied down, Sen. Richard Neuberger (D-Ore) had made several Senate speeches; James Hagerly, the President's press secretary, had given a lengthy breakdown on who, when, where, and Eisenhower was asked about it at his news conference. His reply: Ask the squirrels.

The churchgoing question was brought up by Sen. Matthew Neely (D-WVa), who, like Eisenhower, is a Presbyterian. Neely was critical of the many news pictures showing Eisenhower at church. "I object," said Neely, "to connecting religion with politics. Any man who tries to parade his religion that way before the public is ungodly."

This brought another spate of senatorial speeches, mostly condemning Neely.

If Eisenhower didn't know what

he was getting into when he hired out as president, it was because he didn't spend enough time studying the career of his predecessor Harry S. Truman.

Truman not only stirred up controversy by firing off letters on everything from music critics who didn't like daughter Margaret's singing to opinions on the Marine Corps. He also dared to alter the White House, a sure-fire way to start the criticism rolling.

Truman's proposal to put a 40-foot balcony on the back porch of the White House seemed to be condemned by everyone who took a stand on the subject. The Fine Arts Committee, the local cultural guardians, objected. So did architects. So did editorial writers.

A hard man to divert once he had set a course, Truman went right ahead.

Possibly the least criticized president was Washington, with William Henry Harrison, who died a month after taking office, his chief competitor.

But even Washington ran into what he thought were the "grossest and most insidious misrepresentations" of his administration. These, he complained, were "in such exaggerated and indecent terms as could scarcely be applied to a Nero, a notorious defaulter, or even to a common pickpocket."

Lincoln probably came in for the most ferocious abuse of all presidents. For some reason, his story telling was particularly irksome. The New York World, for example, quoted an "eminent divine" as saying: "We have a buffoon and a gawk for president."

Least anyone miss the point, many unfriendly newspapers printed a story of Lincoln's visit to the Antietam battlefield, during which he allegedly cracked jokes while his friend Marshal Lamont sang songs.

The story was denied, by Lincoln and all concerned, but it continued to appear, with Lincoln invariably described as being gay among the corpses.

Then there was Martin Van Buren, another man who wanted to dress up the White House and spent \$27,000 to get the job done. This so irritated Rep. Charles Ogil-

of Pennsylvania that he advised the President:

"Your house glitters with all imaginable luxuries and gaudy ornaments; you set an example which your subordinates are eager to imitate; and the result is shameful and ruinous prodigality in every branch of the public service."

So, what with one thing and another, most presidents have been glad to escape the white house.

Being president, said James K. Polk, is "no bed of roses."

"I'm tired of auburns," said Grover Cleveland.

As usual, Lincoln said it best of all.

Asked how it felt to be president, he replied:

"I feel like the man who was tarred and feathered and ridden out of town on a rail. To the man who asked him how he liked it, he said: 'If it wasn't for the honor of the thing, I'd rather walk.'"

PITTSFIELD

Seven Pittsfield ladies were guests of Mrs. James W. Chapman, Jacksonville, at a luncheon bridge on Tuesday. Mrs. Chapman is a former resident of Pittsfield. Those from here in attendance at the luncheon are Mrs. Walter Smart, Mrs. Harry Higbee, Mrs. Ray Kelly, Mrs. Ralph Harp, Mrs. I. T. Graham, and Miss Minnie Scanland.

Lieut. Elza Lacey, son of Mr. and Mrs. Park Lacey arrived in the states from Scotland the last of the week and has received his discharge from service in the Air Force. He will visit for a short time with relatives in the east and is expected to arrive at the home of his parents here sometime this week.

Mrs. E. D. Glandon of Springfield recently returned from Texas where she had spent the winter, visited with friends here during the week-end. She came specially to visit her long time friend Mrs. W. E. Shattid, who quietly observed her nineteenth birthday on Saturday. Mrs. Glandon was a life long resident of this vicinity, until she sold her home on East Washington street a year ago to make her home in Springfield to be near her children.

ELECT MRS. HORN

AUXILIARY LEADER

CARROLLTON — Mrs. Clarence Horn was elected president of the American Legion Auxiliary at the annual election of officers held Monday evening at a meeting in the American Legion hall. The retiring president is Mrs. Elmer Garrison.

Other officers elected were Mrs. Charles Fry, first vice president and Mrs. Donald Allen, second vice president. The other officers of the Auxiliary will be appointed by Mrs. Horn and both the elective and appointive officers will be installed at the June meeting.

The local Auxiliary will be hostesses to the members of the Past President's Parley Tuesday, May 17 and a banquet will be served in the American Legion hall. Mrs. Francis Geers of this city is the president of the Past President's Parley.

Franklin High Receives Four Firsts In Contest

FRANKLIN—The eighteen contestants of the Franklin high school band entered the State Music Contest at Bloomington last Friday and did very well. Although they received no first places, they did get four seconds and one third. Considering the large number of schools entering in each event, a small school did well to place.

The events getting second place were: saxophone solo by Cloda Rolston, the girls octet, the mixed octet and the clarinet trio. The saxophone quartette received third place rating.

Birthday Diner

Mr. and Mrs. Ralph Dahman entertained Sunday at dinner and supper in honor of the eightieth birthday of her father, Thomas Barber of Virginia, Ill.

Besides Mr. and Mrs. Barber, others attending were: Mr. Barber's sister, Mrs. Edna Loughary who is eighty three years old, his brother, Harry Barber, and family another sister, Mrs. Nellie Gould, and her husband, Oren Gould of Franklin. Mr. and Mrs. John Hadden and son, Ronnie, Mr. and Mrs. Harry Brander and family and Mr. and Mrs. John Schrier. Mr. Barber received a number of birthday gifts and greetings and seemed to enjoy the day thoroughly.

Children's Day

Children's Day was observed at the Methodist church Sunday at the morning worship service. Each of the classes from the primary department gave part of the program, assisted by their teachers, and then Rev. P. G. Batty gave a short sermon of especial interest to the little folks. An offering of \$23.63 was taken and given to the primary department to buy needed equipment.

JOLLY MIXERS NEW MEMBERS TO GIVE PROGRAM MAY 15TH

The Jolly Mixer's 4-H club held the second meeting of their current year May 2 at the home of the leader, Mrs. May Clayton. The meeting opened with the pledge to the flag led by Sandra Koehler. All joined in singing the National Anthem.

Roll call was answered by naming a project. Donna Jones spoke on Putting in a Hem; Annabelle Starnes, Choosing Cloth that is Right. During the business session new members chose their projects. The new members will present the program and a play on May 15 at the Nortonville church, following Sunday school. There will be a meeting at 7:30 p.m. May 9 at the Nortonville Hall for practice.

Games were played and prizes went to Sandra Koehler and Annabelle Starnes. There were 16 members and one guest present. Refreshments were then enjoyed by all.

WHITE HALL HIGH WINS FIRST PLACE AWARDS IN STATE

WHITE HALL—Mrs. R. F. Barnett's pupils in the local high school won high honors at Macomb on Friday in the State Music Contest.

David Coker, son of Mr. and Mrs. George Coker who is a senior, has done outstanding work in music at the school, sung at summer camps, and won first place in boys low voice in the State.

Donald Heberling, son of Mr. and Mrs. Myron Heberling also won first in the State for boys high voice. He is a sophomore and has done outstanding work in high school.

The boys' ensemble won second, as did the girls ensemble and the Madrigal chorus of 16 voices, and Larry Kessler, son of Mr. and Mrs. Jack Kessler won third for boys' medium voice.

State Congregational Christian Conference In City June 13-16th

The Congregational church and Illinois College will be hosts to the 112th annual conference of the Congregational Christian Churches of Illinois, which will meet in Jacksonville, June 13 to June 16. Five hundred visitors are expected to come to the city.

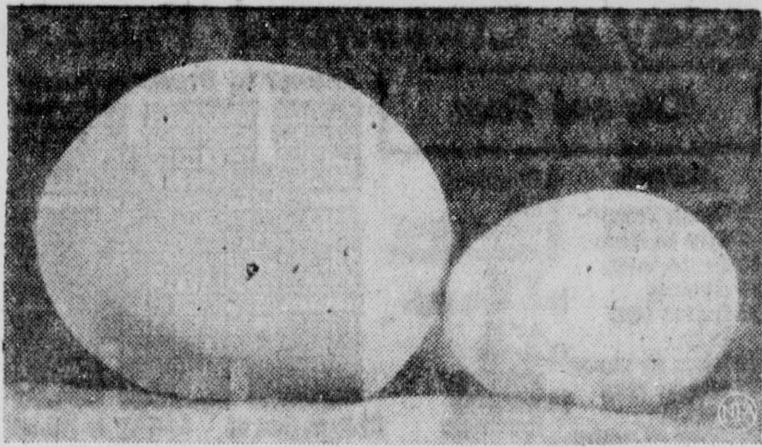

This is the first time in 50 years that this city has been selected for the State Conference and the church and college administrations are busy setting up committees, arranging for housing accommodations, planning for breakfasts, luncheons and dinners, to extend all courtesies possible to the five hundred delegates expected to attend.

During the Conference some of the outstanding leaders in the denomination will give lectures and addresses.

Dr. Henry Leiper, minister and executive secretary of the National Council of Congregational Churches, will give three lectures on "The Outlook of Congregationalism and Our Pilgrim Commitments."

Dr. Robert L. Stubbs, pastor of the United Church at Peoria, Ill., and a trustee of Illinois College, will serve as chaplain and conduct the

Series Of Addresses
Dr. Vere Loper, minister of the First Congregational church, Berkeley, Calif., and president of the National Council of Congregational Churches, will give three lectures on "The Outlook of Congregationalism and Our Pilgrim Commitments."

SOMEONE REALLY LAID AN EGG!—One of C. W. Knittle's hens can be mighty proud of laying the egg at left. Broken open, the oversized egg yielded not only a normal white and yolk, but also another complete egg of normal size. Trouble is, Knittle, of Bethel, Kan., doesn't know which hen laid it. At right is an average-sized egg.

three morning devotional services of the Conference.

Dr. W. Harris Pankhurst, minister of the local church will have charge of the Communion service assisted by Rev. Stubbs.

Dr. William K. Selden, president of Illinois College will give the address of welcome to the delegates, and Dr. Oliver Kenneth Black, pastor of the First Congregational church at Moline, Ill., will preside as moderator at all plenary sessions.

Luncheon At Temple

The Women's State Fellowship of the Conference will have a Fellowship Luncheon at the Masonic Temple on the Wednesday to be followed by a Missionary and Sacrificial Gift meeting at the Congregational church. Dr. Lavinia Scott, principal of Unadilla Seminary, Natal, South Africa, will be the speaker.

The Reverend George Millard, minister of the First Congregational church, Alton, Ill., will preach the Conference sermon at the first general session, and at the Wednesday dinner. Dr. A. C. McGiffert, Jr., president of the Chicago Theological Seminary, will speak on "The Outlook for the Congregational Ministry."

All evening sessions will be held in the College Grove on the Illinois Campus. The music, for all occasions, will be provided by a special music committee headed by Professor J. C. Cleeland and Mrs. Sam Baker.

There will be seminars on the College Campus in Christian Education, Town and Country Churchmanship, Evangelism and Church Extension, Missionary Education, Training of the Ministry, Student Religious Life.

Exhibits In Library
Various agencies and departments of national and state conferences will have exhibits on display in the Pilgrim Memorial of the church, and in the Tanner Library building of the college.

Breakfast meetings will be held at Baxter Hall and the Dunlap Hotel. On Wednesday the Men's Fellowship Luncheon will be served in the banquet room of the Dunlap Hotel. The evening dinner for all delegates will be served in the dining room of Grace Methodist church.

About 250 delegates will be housed in the college dorms and the Dunlap Hotel and the remainder in private homes.

The local Congregational church is the second oldest church in the Conference, having been organized Dec. 15, 1833, by men who helped organize Illinois College in 1829. This is why the church and the college are co-hosts and are endeavoring to make the visit of the delegates an educative as well as an inspirational experience.

Founder's Day Is Observed By Beta Sigma Phi Group

To pay tribute to the founding of the International Beta Sigma Phi Sorority in April 1931, 51 members of the Jacksonville chapters observed Founder's Day with a banquet Wednesday, April 27, in the Masonic Temple dining room.

Preceding the dinner, Miss Elaine Presvelos sang the National Anthem, after which the group repeated the Sorority opening ritual. Mrs. Sherwood Eddy, an International Honorary member gave the benediction.

Pasted spring flowers and tapers decorated the tables in a spring motif. At each place, the members found a miniature crystal flower bowl, with a sprig of lilac. The speaker's table held a large bouquet of cut flowers, which were later sent to Mrs. Virginia Carlson, president of Gamma chapter, who is hospitalized following an accident.

Following a delicious dinner, the

council president, Mrs. Betty DeFrates presided as toastmistress. She first welcomed everyone, in behalf of all chapter officers, then introduced Mrs. Dorothy Mathews, who briefly reviewed the activities of Beta Sigma Phi in its 24th year in Jacksonville. She commented on the all-chapter participation in the Easter Seal campaign, and the benefits to be used in behalf of rehabilitating crippled children at Lincoln school. She also commented on the individual chapter benevolent projects. Mrs. Betty Kinnett, sponsor of Omega chapter, followed with a poem dedicated to the occasion, written by Marguerite Scott, an International member. The theme was "A Time to Remember," and the same theme was used in the individual programs at each place.

Mrs. Lola Johnson presented a message from Walter Ross, the founder of Beta Sigma Phi, and he warmly congratulated the members on a profitable and successful 24 years. In his message he also touched upon the forthcoming program for a 25th or silver anniversary.

Mrs. DeFrates then presented Mrs. Jeanne Smith, president of Omega chapter, who led the group

in a Founder's Day pledge. Each girl promising to advance further a greater understanding of the "good, the true, and the beautiful." As she did so, Mrs. Smith lighted the three yellow tapers, symbolizing the three faiths of Beta, Sigma, and Phi.

Mrs. Marian May concluded the inspirational portion of the program with her "Toast to the Coming Year." She reviewed the growth of the Sorority from seven members in 1931, in Abilene, Kan., to a present membership of over 120,000, in 24 years. Not only in size, and scope, but in the enrichment of all its members for a better appreciation and understanding of life and friendship, Mrs. May said. She concluded her toast with the poem "A Life of Beauty" written by Alta Fox, a former member of Gamma chapter.

Following Mrs. May, Miss Presvelos accompanied by Mary Sue Durham sang the prize winning song, "Beta Sigma Phi" with Mrs. Shirley Collins at the piano.

The dance students of Ruth Jean Cisne captivated the guests with their dance routines previewing the new dancing school review. Expertly costumed, the students presented a varied program of ballet and acrobatic dance. They were: Sandra Boruff, "April Showers" ballet and toe; Becky Massey, "Acrobatic Doll;" Minuet Ballet," with Mary Beth Schindler, Benita Souza, Barbara Taylor, Jane Lakeman, Julie Jameson, Gail Blesse, Kathy Collins; Harriet Brewer in "Sweet, Petite, and Dainty;" "I'm a Little Teapot;" Dianne Price and Sheryl Mitchell; "Acrobatic Babes;" Linda Gay Decker and Sandra Sue Price; "Hoop Tap;" Susan Ryan; and "Lovely Ballerina," Judy Svob.

Several of the participants were daughters of sorority members.

The committee in charge was composed of Ruth Jean Cisne, chairman, Ruth Murgatroyd, Mart Shannon, La Verne Boruff, Donna Floreth, and Marian Thomson.

NATIONAL reputation followed for the Pinkertons. A wave of public indignation denounced the "bomb-throwing" incident as an "inexcusably horrible crime."

What was it they threw into the Samuel living room?

One answer is supplied by William Lewis, a personal friend of Frank James, writing 50 years later:

"Frank James himself, supported by Sheriff Timberlake, stated there had never been a bomb exploded in his mother's house. The James boys were believed to have been in the house, but they were not. They had been there, but the instinct of the part-ridge had sensed the hunter from afar and they had fled."

"The law officers and members of the Pinkerton staff who surrounded the house had prepared for an emergency in the Samuel house. They carried with them what was known as a flare. It was a lamp with a hemispherical bottom of cast iron. The top was of brass and two tubes about six inches long carried the wicks."

"This flare, then, the detectives lighted and tossed through a window. Immediately the interior of the living room was illuminated and the occupants were palpable targets. Dr. Samuel, who found himself measurably aided in his daily coming and going with a cane, beat at the light with his cane and then pushed it into an open fireplace full of dying embers where it exploded."

The other side is represented by an earlier interview with George Hite, the James family grocer, fellow clansman, Jesse's lifelong friend and defender.

"Jesse James went to Chicago to kill Alan Pinkerton and stayed there for four months but he never had a chance to do it like he wanted to. That was after Pinkertons made a raid on his mother's house, blew her arm

off and killed his step-brother."

DAN ASKEW was an elderly farmer, a near neighbor of the Samuels. He was a Kearsney church elder, a gentle, popular, much respected man, and a long-time good friend of Dr. Samuel's. Some months back, completely innocent of the man's real identity, he had hired on an itinerant farm hand named Jack Ladd. Subsequent events had revealed Ladd to have been the principal Pinkerton agent in the undercover work preceding the Samuel raid.

He was, in fact, the operative who sent to Kansas City on Jan. 5 the coded announcement of Jesse's and Frank's arrival at their mother's home.

At eight o'clock April 12 (the time was only an estimate, being but the guess of the coroner's jury at the inquest), Askeew came out to stand on his front porch. Shortly, he crossed to the springhouse for a drink of water. He drew a fresh bucket, started to lift it to his lips. The greeting came quietly from behind him.

"Hello, Dan."

Farmer Askeew stiffened, his face going gray in the moonlight. He knew that voice!

The three shots were unburied. All were in the back.

His wife and grown daughter, running out of the house, heard the high laugh down by the springhouse. A moment later, three horsemen rode by.

Their leader touched his hat. "Evening, ma'am. Sure is a purty night."

The Henry Sears farm was midway between the Samuel and Askeew places. At 8:30, Farmer Sears answered a polite knock on his front door to discover a young man standing below the stoop. The lamplight from the open door revealed him clearly. Behind him, the moonlight did equal service for his two mounted companions.

"Sorry to disturb you, Mr. Sears, but we just killed Dan Askeew." The man at the porch steps made the announcement in a voice that Sears had heard before. "Now, if any of his friends want to know who did it, I reckon you'd best tell them it was the detectives."

Henry Sears remembered names and faces as well as he did voices.

Jesse James. Frank James. McClellan Miller.

MAY is a beautiful month in Texas no less than Old Missouri. Collins County, northwest of Dallas, was young-green with the coming curl of the buffalo grass. Watching the slow drift of the high clouds, the young rider on the steps of the JD-Bar bunkhouse shifted his glance from the street, narrowed it along the distant bend of the Collins City Road.

Shortly, he arose, nodded in through the open door. "Company, Cole. Where's Jim?"

"Up to the main house with the old man." The "old man" was J. D. Coleman, blood-cousin and sometime hideout operator for his clan's half of the James-Younger Wheatstalk Combine.

Ten minutes later, Cole had followed the arroyo to its intersection with the Collins City Road.

Here a clump of chinaberry trees shrouded his ambush, and here he waited, carbine unslung, gray eyes narrowed. His sudden order boomed in mock-anger.

"Throw up your hands, you Clay County son of a gun!"

The horseman wheeled his mount, blue eyes wide.

"Cole! You manky old outlaw! How you been—?"

"Dingus! Dingus! How you been?"

On May 12, three days after Jesse's arrival at the JD-Bar in Collins County, five men held up the San Antonio stage, 24 miles north of Austin, Texas. They were, we are told, "big rough-looking men, riding fine blooded horses. They wore face-masks of bandanna calico."

Bake Sale Makes \$154 For White Hall Alumni Assn.

WHITE HALL — Mrs. Joseph Graham, chairman of the food and bake sale for the W. H. S. Alumni Assn., reports the sum of \$154.00 was realized.

Mrs. Gussie Frazier, was in charge of twenty-five school children of the fourth, fifth and sixth grades who worked on the ham and cake project of the sale which realized about ninety dollars. The ham went to C. L. Knight, and beautifully decorated cakes baked by Mrs. Lee Griswold, Mrs. Curtis Griswold and Mrs. Frank McCollister went to Mildred Thomas, Opal Thompson and Tommy McCracken.

The school children were given cash awards and movie tickets and a party was held Tuesday night at the Lions Park, with ice cream bars as refreshments. George Douglas Rhodes, President of the Alumni Association was in charge of the party for the children.

Enesco, Romanian Composer, Dies

PARIS (AP)—Georges Enesco, 73, Romanian composer, conductor and violinist, died today.

Enesco made several visits to the United States, his last a concert tour in 1946. He was presented a distinguished service medal in his sickroom last Sept. 27 by the Schroeder Foundation of St. Louis, Mo., an organization under the leadership of H. L. Schroeder which is dedicated to the advancement of cultural arts.

Among Enesco's compositions were "Romanian Rhapsodies" and the opera "Oedipe." He began playing the violin when he was 4, entered the Vienna Conservatory when he was 7 and moved on to the Paris Conservatory at 13.

Jurors Trying For Verdict On Ousted Phenix Prosecutor

By REX THOMAS

BIRMINGHAM, Ala. (AP)—Jurors deciding the fate of Arch Ferrell, ousted Phenix City prosecuting attorney, try again today to reach a verdict after failing in their first attempt.

The 38-year-old former political big shot in the community made notorious by racketeers has been on trial since April 18 for the killing of A. L. Patterson, the man who vowed to clean up vice in Phenix City.

The 12-man jury took the case late Tuesday afternoon and deliberated 4 1/2 hours before retiring for the night, to resume this morning at whatever time the jurors chose.

Prosecutor Cecil Deason asked for the death penalty in his closing argument Tuesday. He declared the evidence "demands" it. The jury is the sole judge of the punishment for murder in Alabama.

Deason and defense attorneys George Rogers and Drew Redden took 5 1/2 hours to review the testimony and argue the case.

The prosecutor insisted the state had "more than met the burden" of proving "beyond a reasonable" doubt that Ferrell and ex-Chief Deputy Sheriff Albert Fuller murdered the Democratic nominee for attorney general June 18.

Fuller has already been sentenced to life in prison for the slaying. A third defendant, former Atty. Gen. St. Garrett, is in a mental institution in Galveston, Tex., and has not been tried.

Patterson was shot down outside his Phenix City law office 17 days after he had won the attorney general's nomination on a campaign promise to rid his community and all Alabama of organized vice and corruption.

Ferrell claiming an alibi, said he and Garrett were talking long distance at the moment of the shooting.

JHS Track Team Cops Final Home Meet; Tops ISD And Auburn

Coch Phil Clary's Jacksonville High School cindermen captured their sixth straight home meet as they defeated ISD and Auburn on the JHS field yesterday afternoon. The Crimson finished their varsity home season undefeated as they scored a total of 87 points as against 40½ for Auburn and 29½ for ISD.

Jim Green continued his fine running. The JHS flash won the 100 and 220 yard dashes as well as the broad jump to lead the scoring. Kent Dawson won the shot and discus.

ISD's first place finishes were in the 440 yard dash where Jack Rampley raced home ahead of the field and in the 880 won by Higdon.

The JHS relay teams won all three events.

Red Sox Nip Tigers 3-2 In 11 Innings

DETROIT (AP) — Temperamental Willard Nixon snapped the Boston Red Sox' six game losing streak as he pitched them to a 3-2 decision over Detroit Wednesday night in an 11-inning duel with the Tigers' Frank Lary.

The setback cost the second place Tigers a chance to take over first place in the American League as league leading Cleveland bowed to New York 11-5. The Indians thus clinched their half game lead.

Nixon, who had a 5-1 record against Detroit last year, took up where he left off in the 1954 season as he silenced the Tigers' home run guns. He gave up several singles and a double.

Lary and Nixon were locked in a 2-2 duel after 10 innings but the Bostonians ended their victory drought with an 11th inning up-throw.

The Red Sox loaded the bases in the 11th on two singles and an intentional walk before Tony Lepio brought Harry Agganis across with the winning run on an infield grounder which saw Agganis slide under Ray Boone's throw.

Trainers Name Nashua Horse To Beat In Turf Classic Saturday

By ORLO ROBERTSON
LOUISVILLE, Ky. (AP)—Without exception and without hesitation, the trainers of the leading Kentucky Derby candidates Wednesday named Nashua as the horse to beat when nine, and perhaps ten, three-year-olds battle it out in the \$125,000 added turf classic at Churchill Downs Saturday.

And the seven trainers of eight horses participating in The Associated Press poll were almost unanimous in the selection of Summer Tan to finish second and Swaps third. Here and there, however, a few hedged on whether it'll be Summer Tan or Swaps in the runner-up spot at the end of the mile and one-quarter.

Illinois Valley Track Meet Friday At Jerseyville

The annual Illinois Valley Conference track and field meet will be held Friday, May 6 at the Jerseyville athletic field.

The annual affair will be run off in afternoon and evening sessions. The afternoon events will start at 3 p. m. Daylight time while the night program will get under way at 7:30.

Schools entering the meet are Carrollton, Jerseyville, Greenfield, Pittsfield, Pleasant Hill, Roodhouse, White Hall and Winchester.

the broadcast and television scheduled for 3:15 to 3:45 (CBS).

Nashua remained the firm choice at 4 to 5. Summer Tan, who has bowed to Nashua four times in five clashes, was held at 2 to 1. Swaps was quoted at 6 to 1.

Bill Pinnegar, trainer of Jean's Joe, said he favored Summer Tan until he saw Nashua's fine workout Tuesday. Now he is a Nashua man, along with Meshach Tenney.

(Swaps): Lloyd Gentry, who'll saddle the entry of Racing Fool and Flying Fury; Joe Enzone (Honey Alibi) and Johnny Kernath, whose Blue Lem was edged in the Florida Derby mud.

The weatherman has predicted hot weather and a fast track Saturday.

Post time is 3:30 p. m. (CST) with

Vernon's Blast Leads Nats' 5-4 Edge Of Chisox

CHICAGO (AP)—Mickey Vernon's fifth homer of the season, a three-run blast in the third, helped ease the Washington Senators to a 5-4 triumph over the Chicago White Sox Wednesday. Bob Nieman also blasted a three-run homer in the third for the White Sox.

The Senators moved into the ninth with a 5-4 lead behind Bob Porterfield's steady pitching, but the Washington ace weakened and left it up to Chuck Stobbs to mow down the Sox with two men on and one out.

Nieman also singled across a fourth run in the eighth to overhaul Vernon in the American League RBI race at 23.

Porterfield gave seven hits, holding the Sox fitless from Nieman's homer in the third after singles by Nellie Fox and Minnie Minoso in the third, until Fox' double in the eighth.

But Sox starter Jack Harshman yielded a bases-empty homer by Jim Busby in the second and Vernon's No. 5 circuit wallop after singles by Eddie Yost and Ed FitzGerald in the third for his second defeat against two victors.

May Do Away With Harness Race Commission

SPRINGFIELD, Ill. (AP)—A bill to do away with the Illinois Harness Racing Commission and transfer its functions to the Illinois Racing Board was filed in the Senate Wednesday with administration backing.

The membership of the Racing Board would be enlarged from three to five members under the proposal submitted by Sen. Arthur Bidwell (R-River Forest) and George Drach (R-Springfield).

In his message opening the current legislative session, Gov. Stratton called for the change, saying 9 of the 14 states with both thoroughbred and harness racing have combined supervision under one agency.

Grimm Benches Crandall, Adcock

PITTSBURGH (AP)—Manager Charlie Grimm Wednesday benched two of his slumping Milwaukee Braves' regulars-catcher Del Crandall and first baseman Jos Adcock.

Grimm announced that George Crowe would be at first base and Charlie White behind the plate Wednesday night when the Braves meet the Pittsburgh Pirates.

The Braves have lost six of eight games since they left home April 23 for a 13-game Eastern road trip.

Echos Of 'Silly Mid On' And 'Googly Ball' Loom With College Cricket Boom

PRINCETON, N. J. (AP)—"I say there, that 'googly ball' didn't fool the batter for a minute," said the first spectator.

"I should say not, but did you see the way the 'silly mid on' dismissed him," replied the second.

Palaver heard in the confines of Ebbetts Field?

Hardly, but the time may not be too far distant when the "googly ball" takes its place in U. S. sports jargon along with baseball's submarine ball.

A "googly ball," for the uninitiated, is a deceptive pitch thrown by a "keen" bowler in a game of cricket. A "silly mid on" is the name of a fielder, naturally.

The terms are on integral part of the English sport which is becoming increasingly popular in a number of Eastern colleges.

Cricket, long the national sport of England, dates back in this country to 1751 and now is played at Princeton, Haverford, Harvard, Yale, Cornell and Penn State.

The game is played by 11-man teams on a special turf or cocoanut matting laid between two wickets. A "bowler," using a stiff, overhand motion, throws the ball on one bounce to one of two batters standing on the "pitch" and defending the wickets.

When a batter hits the ball, he may either run to the opposite wicket, changing places with the other batter, or he may nullify the pitch by not running at all. A run is scored each time the batters exchange wickets.

A batter is "dismissed" if he allows the ball to hit a wicket, if he blocks the ball with his body, or if he steps out of the "crease" or batter's box. He may also be put out if his hit is caught or if one of the fielders throws a batted ball and breaks a wicket.

A team may win a cricket match in one of two ways:

By scoring more runs than its opponent in a full game or by scoring more runs than the other team before using as many batters as its rival. A team winning by four wickets, for example, would use four less batsmen to outscore its opponent.

Dodgers Pound Cardinals 12-4 Behind Podres

BROOKLYN (AP)—Home runs by Gil Hodges, Duke Snider and Roy Campanella backed up the clutch pitching of Johnny Podres Wednesday night to give the Brooklyn Dodgers a 12-4 victory over the St. Louis Cardinals.

It was the sixth straight triumph and the 17th in 19 games for the red-hot National League leaders.

Hodges homered in the second inning, with no one on. Snider's homer was a three-run blow in the third and Campanella parked one in the eighth, scoring Pee Wee Reese and Snyder ahead of him.

These pyrotechnics made it easy for pitcher Johnny Podres, who started the game by striking out the Kell, 3b 2 0 1 4 1

Revised Giant Lineup Nips Cubs 4-3 In 11th

NEW YORK (AP)—Manager Leo Durocher's shakeup of the New York Giants lineup paid off in the 11th inning Wednesday with a 4-3 victory over the surprising Chicago Cubs.

Whitey Lockman broke up the pitching duel between Ruben Gomez and rookie Sam Jones with a home run after one was out in the 11th inning. This blow brought Gomez his first victory of the season after two defeats.

In addition, Foster Castleman, who played second base and led off in the well-shaken batting order, hit his first major league homer, and Willie Mays, who had a generally miserable day, failed for the first time in his major league career to make one of his waist-high "basket" catches.

Willie, who fanned twice, failed to make an easy catch of Ernie Banks' high fly in the eighth inning, but a double play a moment later reduced the penalty for the error.

Castleman replaced Davey Williams who was troubled by a bad back.

Gomez shut out the Cubs in all innings but the third. Then three

hits, a walk, a wild pitch and a steal produced three Chicago runs.

Yanks Rally To Defeat Indians 11-5

CLEVELAND (AP)—The New York Yankees rallied for seven runs in the last two innings to defeat the Cleveland Indians 11-5 Wednesday night, spoiling Bob Lemon's bid for his sixth straight pitching victory and ending the Tribe's five-game winning streak.

The Yankees chased Lemon, who had won his first five starts, in the eighth inning when they scored four runs on three singles and three walks. When Lemon walked Gil McDougald with the bases full, he was replaced on the mound by Ray Narveski. Phil Rizzuto singled off Narveski, scoring two more.

The Yankees added three more in the ninth on a homer by Hank Bauer, his fifth of the season, two singles, a walk and a wild pitch.

Yogi Berra homered for the Yanks in the third inning, and Dave Pope hit a two-run homer in the second for the Indians.

Lemon was tagged for three runs in the first inning on singles by Bauer, Berra and Joe Collins, a walk to Mickey Mantle and a wild pitch.

The Indians scored two in the second on Pope's homer with Ralph Kiner, who had walked, on base.

Berra's homer in the third gave the Yankees a 4-2 lead. But the Indians came back in the last of the third for three runs as Yankee starter Whitey Ford hit a streak of wildness.

After Al Smith led off with a double, Ford hit Bob Avila with a pitch and walked Kiner and Pope, forcing in a run. Yankee manager Casey Stengel was ejected from the game by umpire Larry Napp for disputing a call when Pope walked.

Bob Grim replaced Ford and was rapped for a two-run pinch single by Dale Mitchell, putting the Indians ahead 5-4.

Tom Morgan, who relieved Grim in the seventh inning, got credit for the victory. Grim had been lifted for a pinch hitter.

The victory gave the Yanks a split in the two-game series here and a 4-4 split on their first western tour.

Gorman In Relief As A's Defeat Orioles 6-5

KANSAS CITY (AP)—Relief pitcher Tom Gorman saved the aKansas City Athletics another game Wednesday with a scoreless three-inning stint as the A's defeated Baltimore 6-5.

Gug Zernia's home run in the fifth was the winning margin.

The victory, which went to Gorman, was the seventh in the last nine for the amazing A's. And it was the second straight day Gorman had gone in to thwart an Oriole rally in the late innings. He stopped them short Tuesday night with the tying run on base in the ninth.

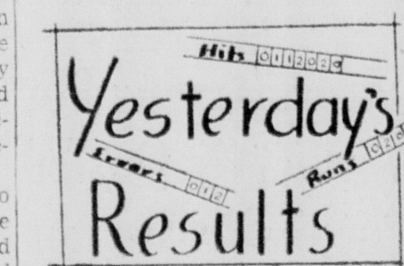

The A's pounded out nine hits against three Baltimore pitchers.

Vic Raschi, who started his first game for the Athletics, was tagged for a three-run homer by Hoot Evers in the first inning. But the ex-New York Yankee and St. Louis Cardinal right-hander pitched hitless ball for the next three innings before departing for a pinch hitter in the fourth.

Bucs Cop 4th Straight, Edge Braves 5-4

PITTSBURGH (AP)—The Pittsburgh Pirates, well on their way to becoming the "nuisance kids" of the National League, edged the Milwaukee Braves 5-4 Wednesday night for their fourth consecutive victory.

The Braves almost pulled the games out of the fire in the ninth, scoring one run. A sensational catch by rookie Roberto Clemente saved the day. Clemente leaping in front of the right field stands to take George Crowe's long drive.

The play came with Andy Pafko on third and Hank Aaron on second with two men out.

Crafty Macie Surkont was credited with his second win against three defeats although relieved by Bob Friend in the ninth after giving up an infield single and a walk with one away. Friend got one man on a force but gave up a single to Aaron. Clemente then threw wild, putting Braves on second and third. Then Crowe made his bid to win the game but Clemente more than made up for his error.

The defeat was charged to starter Lew Burdette who was relieved by Dave Jolly in the fifth.

The Braves outthrew the Pirates 10-7 but couldn't get the safeties when needed most.

The Pirates' Freeze brothers got the Pirates started in their big inning. Third baseman George singled to left to open the stanza and scored as his brother second baseman Gene, hit the first major league homer. The shaken Burdette promptly walked Surkont and that brought Jolly to the mound.

Roberto Clemente sacrificed Surkont to second. Dick Groat then tied the game with a ringing double, scoring Surkont. Jolly settled down to get Felipe Montemayor on a fly ball and then walked Jack Shepard. Dale Long followed with a two-run triple and Roberto Vargas came in to retire outfielder Jerry Lynch on a grounder.

The Braves scored their first run in the second inning after two were out. It came on consecutive singles by O'Connell, Charlie White and Burdette.

Reliever Joe Pagano Stops Comets; Long, Dowling Get 3 Hits

With little Joe Pagano hurling five brilliant innings in relief the Routt Rockets pounded out 15 hits good for 14 runs to defeat Chanderville 14-6 in a PMBC conference tilt played yesterday afternoon.

The diminutive Pagano was called to hurl the last five innings after Dowling and Shanahan ran into trouble in the first and second frames. Pagano pitched no-hit ball the rest of the way and was never in serious trouble. He set the side down in order only once but no more than four batters faced the 5-14 hurler in any of the other four frames.

Dowling started on the hill for the Rockets and was relieved by Shanahan in the first inning. However, after retiring one batter Shanahan ran into trouble also and Dowling returned to the hill and retired the side with four runs crossing the plate for the Comets.

Dowling hurled the second inning but the Chanderville nine scored two more runs.

Keeping pace with Chanderville's scoring were the Rockets who counted four in the first and one in the second. The first inning scoring was highlighted by doubles by Tom Regan and Jim DeVore.

The other big inning for the Rockets was the third when they scored four more to ice up the contest. Singles by Shanahan, Dowling, Regan and Doolin accounted for the tallies.

Routt scored in every inning as they won their second PMBC loop victory of the season to go with four losses.

Dowling paced the hitting attack for the Rockets with three hits including two doubles. Jack Long also collected three safeties, including one two base knock. Other doubles were hit by Regan, DeVore and Lewis.

Jim Cosgriff made a great catch of a long drive in the seventh inning to save Pagano's string of 5 hitless innings.

Two walks and a Burgess single gave the Redlegs a one run lead in the first. Another walk, this one to starter Gerry Staley, and Borkowski's double brought in another run in the third inning.

A Johnny Temple single, a fielding error, plus singles by Ray Jablonski and Burgess scored two more Cincinnati tallies in the fifth.

The Phillies broke the scoring ice in the fourth. Earl Torgeson reached first on an error and scored as Jim Greengrass doubled. Richie Ashburn doubled with two out in the fifth and scored on Torgeson's single. And in the sixth Marv Blaylock hit his first major league homer with the bases empty.

New York Bond Market

NEW YORK (AP)—The corporate bond market was narrowly mixed in relatively slow and selective trading Wednesday.

U. S. government bonds were steady to slightly higher. "Big Board" volume declined to \$3,390,000 par value from \$4,250,000 Tuesday, when the market lost ground. Utilities and railroads were mostly lower Wednesday. But investment quality industrials held firm. Changes were generally small fractions.

New York Stock Market

NEW YORK (AP)—The stock market wavered Wednesday between a lower and a higher trend, but at the close it was slightly higher.

Most price changes were quite narrow, but the range ran from around \$3 lower to \$2 higher. Several major divisions changed their direction with disconcerting frequency. That included the steels, which closed mixed after showing a higher tendency; air-crafts, which ended higher after shaking off some early pressure; and the coppers, which started higher, swung down, then closed higher.

Railroads were a key group, turned lower with some emphasis, but they finally gathered strength and closed higher.

Brokers were inclined to write off the day as one of consolidation after Tuesday's sharp fall. The Associated Press average of 60 stocks Wednesday gained 20 cents. It was down \$1.80 Tuesday. All three components of the average were up 20 cents each.

Volume was moderate at 2,200,000 shares. That compares with 2,630,000 shares traded Tuesday. The American Stock Exchange was mixed on volume of 650,000 shares. Tuesday's business amounted to 730,000 shares.

Wheat Makes Good Blames A-Tests Gains For Second For Face Cancer Straight Day

By WILLIAM FERRIS

CHICAGO (AP)—Wheat was propelled up for gains extending to 5 1/2 cents in a broad buying movement on the Board of Trade Wednesday. The May contract scored the biggest advance.

It was the second straight day of substantial gains in wheat. All contracts ended at their day's highs. There was a lot of nervous short covering late in the session, particularly in the May delivery.

The rest of the market was influenced by wheat's climb. Other grains closed firm. Soybeans lagged throughout most of the session, but came ahead for modest gains in the last half hour.

Wheat closed 2 1/2-5 1/2 higher, corn 1 to 1 1/2 higher, oats 1 1/4-1 1/2 higher, rye 1 1/4-2 1/2 higher, soybeans 1/4-1 1/2 higher and lard 15 to 30 cents a hundred pounds higher.

Among the factors behind the upturn in wheat was a torrential rain and sleet storm in Saskatchewan. Grain experts in Canada estimated it would take up to two weeks for the land to dry out for planting, even with good weather.

The early lagging tendency in soybeans was attributed to minor profit taking after two days of advancing quotations.

CHICAGO LIVESTOCK MARKET REPORT

CHICAGO (AP)—With salable receipts at 7,500 head falling 1,000 under the advance estimate, butcher hogs jumped 25 to 50 cents Wednesday while sows sold steady to 25 cents higher.

Widest advance was on choice butchers weighing less than 230. They sold at \$17.75 to \$18.25 with one load commanding \$18.35, the top. Most 240 to 270-pound butchers brought \$17.00 to \$17.65. Sows sold from \$12.50 to \$15.00.

Steers were steady to 50 cents lower and heifers steady to weak. One prime load of steers set the top at \$28.25. Good and choice kinds moved at \$19.50 to \$24.50. Heifers grading good to high choice sold for \$19.50 to \$23.50. Salable receipts totaled 14,000.

Cows were steady to 25 cents lower at \$12.00 to \$15.00 for utility and commercial. In an active trade, dealers were steady to \$1.00 higher at \$23.00 to \$27.00 for most good and choice. A few choice and prime reached \$28.00. Salable sheep receipts at 3,500 head were 1,000 above expectations. Lamb prices broke 50 cents to \$1.00. Choice woolled lambs sold at \$20.75 to \$21.25.

Blames A-Tests For Face Cancer

LAS VEGAS, Nev. (AP)—A \$75,000 suit on file today charges that the Atomic Energy Commission's 1953 atomic tests subjected Mrs. Martha Sheahan to radioactivity which caused a cancer to grow on her face.

Mrs. Sheahan and her husband Daniel previously filed a suit seeking \$450,000 from the government and charging that their home at the Groom mine, 25 miles from Yucca Flat, had been made uninhabitable by radiation and Air Force bombs.

The Groom mine is located at the borders of the Nevada Air Force gunnery range. Since the 1953 AEC tests the Sheahans have moved to Las Vegas.

Four Red MIGs Attack Free China Planes Off Matsus

TAIPEI, Formosa (Thursday) (AP)—Communist jet fighters Wednesday challenged Nationalist planes for the first time in the Matsus area, underscoring reports of an ominous Red air buildup on Formosa's approaches.

The Chinese air force said four MIGs attacked four propeller planes which were on patrol off the coast 50 miles north of the Matsus Islands and about 150 miles north of Formosa.

A communiqué reported the four Nationalist planes—presumably single-seat fighters—returned undamaged. No damage to the MIGs was claimed.

Other Nationalist planes attacked five small gunboats in Amoy Harbor across Formosa Strait. The air force said one of the gunboats was set afire and two others were damaged. The gunboats were 300 to 400 tonners.

The big news, however, was the appearance so near Formosa of the fast Communist jet fighters of the type that fought in the Korean War.

It was possible they came from a new air base at Lukiao, described as the largest and best in all Red China. Lukiao is 200 miles north of the Matsus.

The air force said the air battle lasted two minutes.

The MIGs were dark blue and with the Red star on the wings.

The Interior Ministry's Taitan News Agency asserted the Red land and sea buildup was moving ahead steadily along the southeast coast, from the Quemoy area 175 miles northward to the Matsus.

Meanwhile, Foreign Minister George Yeh, in an interview declared that his government "has never requested, nor has the United States government offered, ground forces to be stationed in Taiwan (Formosa)."

He denied that Premier O. K. Yui had told the Legislative Yuan (Parliament) Tuesday that "something spectacular" might be in the offing. One Taipei newspaper had published this. There was speculation this "something spectacular" might be the stationing of U. S. ground forces on Formosa.

(Asked about this report at his news conference in Washington Wednesday, President Eisenhower replied that there has been no suggestion for the creation of a permanent U. S. base on Formosa.)

Friends Post Bond For Gun-Toting Justice Of Peace

BETHEL, Vt. (AP)—Fellow townsmen posted \$10,000 bail Wednesday for Justice of the Peace Manuel S. Miller, 47, who stood off federal and state authorities with a rifle for 12 hours Tuesday in a futile attempt to keep his wife out of a mental hospital.

As Miller was released from Windsor County Jail at Woodstock at 4:30 p.m. to await trial on a charge of impeding a federal officer, his wife Lucille, 44, was en route to St. Elizabeth's Hospital at Washington, D. C.

Mrs. Miller, publisher of a mimeographed anti-Communist leaflet called the Green Mountain Rifleman, was indicted on a federal charge of influencing young men to evade the draft. She was subsequently adjudged insane in U. S. District Court at Burlington April 18.

When U. S. Marshal Dewey H. Perry went to the Millers' two-story frame home Tuesday morning with a federal officer for Mrs. Miller's commitment, Miller denied him entrance and with his rifle held off a growing force.

Troopers broke the barricade late Tuesday night by firing tear gas shells through downstairs windows. Soon afterward Miller climbed onto a porch roof and threw down his rifle.

Prosecution Of Bus Line Recommended

SPRINGFIELD, Ill. (AP)—The Illinois Commerce Commission today recommended prosecution of Elm City Bus Lines Inc. and the firm's officers, for violation of the State Public Utilities Act.

The commission said Section 48 of the act was violated when the bus company abandoned service in Jacksonville without permission Feb. 14.

A spokesman said he understands the company moved its buses

to Columbia, Mo.

Penalty provision of the law provide for fines of \$500 to \$2,000 a day against a company, and \$1,000 fine, up to a year in jail, or both, for officers.

The commission directed that a copy of the record in the case and its order be served on the state's attorney of Morgan county, whose duty it would be to bring any complaint.

His answer: If the Communists attacked with a strength "far in excess" of what was needed for a local attack, then it would be fair to assume the onslaught "had a broader purpose."

Besides, the President added, the Chinese Communists never have talked about taking the islands for their own sake, but have consistently declared their intention of capturing Formosa.

On domestic affairs, the President voiced high hope that a settlement is near in the Louisville & Nashville Railroad and Southern Bell telephone strikes. He said the law doesn't allow him to intervene—as two state governors have asked him to do—unless a national emergency is threatened.

He declined to say whether he

would veto the 8.8 per cent postal

pay raise agreed upon by Senate-

House conferees Tuesday. Previ-

ously he has refused to sanction

an increase of more than 7.6 per

cent.

Asked if he cared to comment

on pending farm legislation and

farm problems generally, Eisen-

hower said with a grin that he'd

be delighted to.

Then he spoke out firmly in

praise of the flexible price sup-

port bill Congress gave him, after

a hard fight, last year.

"But," he said, "it has not yet

had an opportunity to be in effect.

It will not go into effect until the

crops of the 1955 year begin to

come into market. So all of the

farm squeeze which has taken

place, and it has taken place, has

been under the old law, the 90 per

Gains for the West German gov-

ernment and economy which sov-

erignty will bring include:

1. Bonn can seek diplomatic rela-

tions with any countries, East or

West, including Russia and the

Communist satellites. Hitherto

Bonn's diplomatic contacts have

been limited to friendly Western

countries.

2. Prohibitions on rearmament

are lifted. The Allied Military

Security Board, which kept Ger-

man industry under surveillance

and enforced demilitarization, will

be scrapped.

3. Remaining controls on in-

dustry will cease. These limited

making magnesium and synthetic

rubber and banned atomic re-

search. West Germany has volun-

teered to confine its atomic re-

search for the next two years to

the building of one atomic reactor

of not more than 10 million watts.

It also will not import more than

3,500 grams of nuclear fuel a year.

The vaccine used in Morgan county's test last year was furnished by the Michael Reese Hospital Serum Center of Chicago. It is prepared by growing the three types of polio virus in monkey kidney tissue culture and then killing the virus by means of ultra-violet irradiation. The method of killing the virus is the chief difference between this vaccine and the Salk vaccine. In Salk's method, the virus is killed by a dilute solution of formaldehyde.

Children participating in the study had blood tests before and after the vaccine in order to test for immunity to polio. In every case there was an increase in the immunity after the vaccine was given, according to Dr. Church.

Dr. Church thanked the parents and children who participated in the study for their interest and co-operation. Because of the promising results, further study of the vaccine is being carried out in Morgan county this year.

Mrs. Brown was born Sept. 12, 1906, at Meredosia, daughter of the late Mr. and Mrs. Edward Hamman. She was graduated from the Meredosia high school, and later attending Gen City Business College at Quincy. She had been a resident of Quincy and Peoria since her marriage.

The decedent was a member of the Methodist church. Surviving are her husband, a certified public accountant in Peoria; three children, Anne, John, and Mary Brown, all at home; three brothers and two sisters, Harold Hamman, Bluff; Glenn Hamman, Port Arthur, Tex.; Leroy Hamman, Arzenville; Mrs. Wilma Christman, Meredosia, and Mrs. Dorothy Shippe, Moline.

Her parents and one brother, Owen Hamman, preceded her in death. The remains were taken to Peoria where funeral services will be held at 2 p. m. (DST) Saturday.

Man Acquitted Of Robbery Pleads Guilty Of Felony

FREEPORT, Ill. (P) — Acquitted of bank robbery by a jury, Boyd Gramsch pleaded guilty to another charge in federal court Wednesday and was sentenced to prison for four years, seven months.

A jury found the 36-year-old vacuum cleaner salesman innocent of robbing the Rock City bank of \$1,770 on July 21, 1954. A sealed verdict reached Tuesday night was opened in court Wednesday.

Thereafter, Gramsch, of Seward, Ill., pleaded guilty to a charge of intent to commit a felony and was sentenced by Judge Joseph Sam Perry. The latter charge was based on Gramsch's arrest last Jan. 25 near the German-American State Bank of German Valley.

Bank officials reported he had visited the German Valley bank three days in succession, the same procedure followed by the robber who held up the Rock City bank. Judge Perry granted a stay of execution of sentence on Gramsch's plea for probation and continued the case to May 30 for investigation by the probation department.

Gramsch was returned to jail in lieu of \$12,500 bond.

TAKES SUSPECTED FIRE OUT OF TOWN TO PRESERVE RECORD

ELLINWOOD, Kan. (P) — This town of 3,000 has gone five months without a fire alarm and the volunteer firemen are trying to stretch the streak.

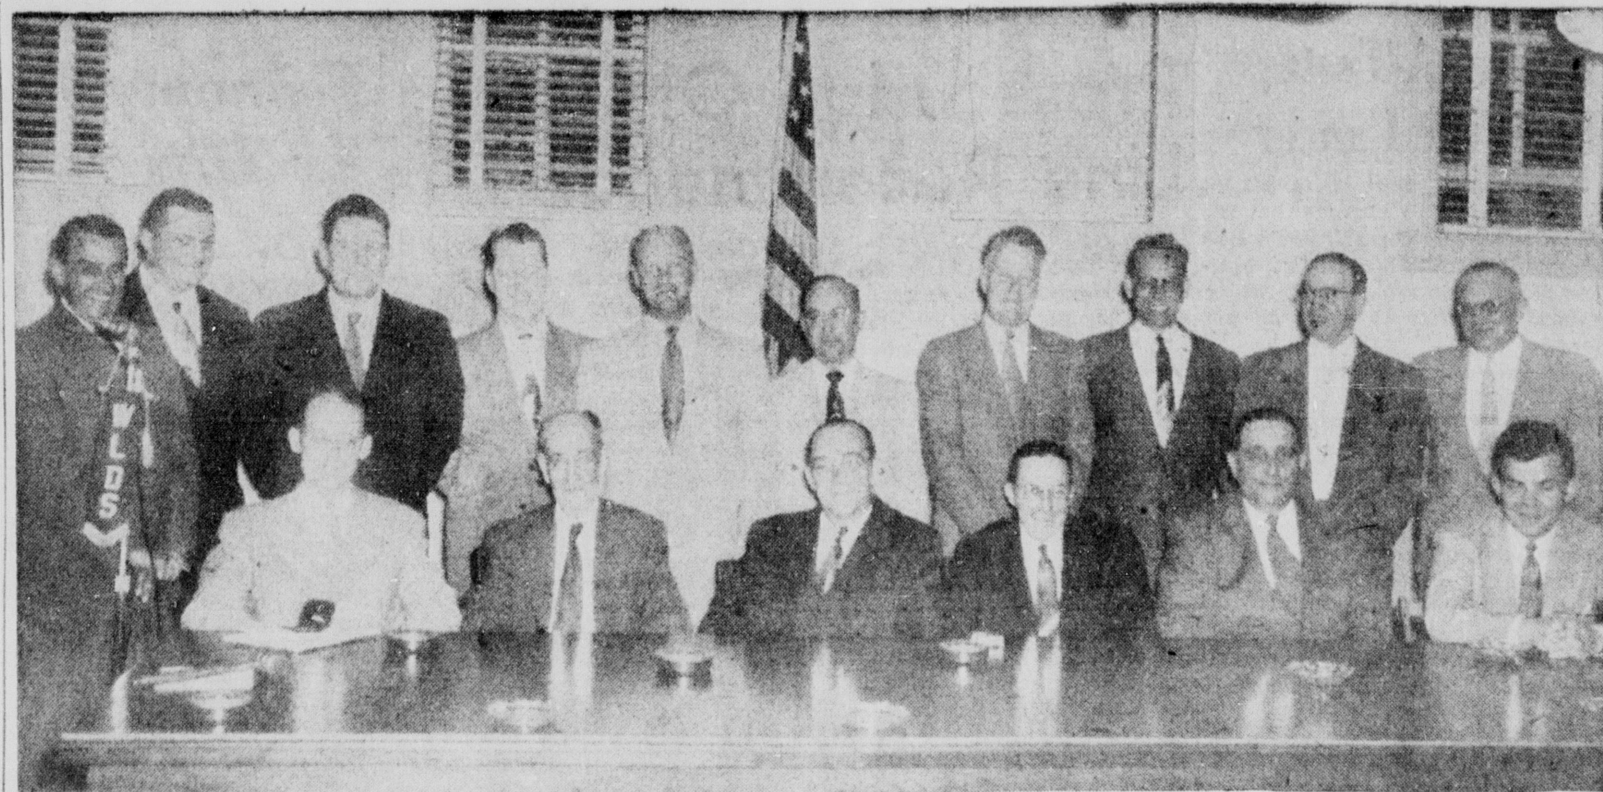

Harry Gaughan, motor car dealer and fireman, displayed the right spirit the other day.

He traded for an old car, which began to smoke as he drove it toward his shop. Instead of heading for the fire station, he aimed for the city limits, hoping to get the car out of town before it burst into flames.

Then he learned the motor was just overheated.

Second Visit To I.C. Planned By Chicago Group

Mrs. Rosalee Tryon of Chicago, a recent graduate of Illinois College and a group of Chicago alumni consisting of Connie Foreman, Pat Carlson, Jack Stone, Glen Hendricks, Elizabeth Jost, Faith Semia, Robert Sheller, and Conrad Damsgaard are sponsoring a second visit to Illinois College on May 7 and 8 for high school students of the Chicago area. The purpose is to give students from the Chicago area an opportunity to see college life at close hand.

The students, accompanied by the Illinois College alumni from Chicago, will leave by bus from Chicago, arriving in Jacksonville in the early afternoon, May 7. During the week end they will be guests of the college and will stay in the college dormitories.

This week end, May 6-8, 50 high school seniors from Illinois and surrounding states will take competitive examinations for freshman scholarships at Illinois College. The program is planned for the entire week end with students arriving on the campus Friday, May 6, as guests of the college. The examinations will be given at 9 a. m. Saturday morning, May 7, and will continue throughout the early part of the afternoon, after which time the candidates and the prospective students from the Chicago area will join in a campus tour and will meet together at the David A. Smith House for an informal reception in their honor given by members of Phi Beta Kappa. Here the students will have an opportunity to talk with members of the faculty and administration concerning their college plans.

Plans for the rest of the week end include an all-school dance at the New Student Center, and church services in the church of their choice on Sunday morning. After dinner in Baxter Hall the students will return to their homes.

Prominent Mason Dies Wednesday At Rockford, Ill.

SONNEE'S NEW NEIGHBOR IS TALKING CROW
ST. PAUL, Minn. (P)—From out of nowhere a voice said "Damn you, shut up!"

Ray Sonnee, talking over the back fence to a neighbor, looked up and sure enough it was the big black crow that has been pestering the family for days.

"He's as big as a chicken," Sonnee said.

"This afternoon he sneaked up behind my wife and scared the wits out of her. She was going to turn the hose on him, but he opened his mouth and it was about two inches wide. She dropped the hose and ran."

Monday Mrs. Sonnee and the crow had a similar encounter, and it ended the same way.

The crow established residence in a tree behind the Sonnee home several weeks ago.

Kampsville Bandit Is Indicted For Murder

KAMPSVILLE, Ill. (P) — Eugene C. Hubbard, 26-year-old survivor of a thwarted bank robbery plot, was indicted by a federal grand jury Tuesday on six counts, four of which carry a possible death penalty.

One count of the indictment returned by a Springfield grand jury under the federal bank robbery act accused Hubbard in trying to avoid capture, "killed and murdered" Harry Waldheuser, 63-year-old cashier at the Bank of Kampsville.

The prisoner was moved, it was reported, to tighten his security and to obtain further treatment for his fractured ankle. Two U. S. deputy marshals were in charge of moving Hubbard. Staab's ambulance of Springfield took the prisoner to that city. He had been under heavy guard at the Carrollton hospital.

Move Prisoner
CARROLLTON, Ill. — Clifford Hubbard, injured desperado, was transferred Tuesday evening from Boyd Memorial hospital in Carrollton to another city, reportedly Springfield.

The prisoner was moved, it was reported, to tighten his security and to obtain further treatment for his fractured ankle. Two U. S. deputy marshals were in charge of moving Hubbard. Staab's ambulance of Springfield took the prisoner to that city. He had been under heavy guard at the Carrollton hospital.

Waldheuser and his wife, Lela, were held captive in their home by Hubbard and his accomplice, Thomas Underwood, 26, until townspeople learned of their plight Sunday night and sounded an alert.

This started a chain of events which resulted in a wild flight under gunfire that ended when the ex-convicts' commandeered car overturned on a curve at about 100 miles an hour, killing Waldheuser and Underwood.

The cashier's wife and Hubbard were seriously injured. Mrs. Waldheuser, because of her condition, doesn't know of her husband's death.

A state warrant charging Hubbard with armed robbery also was issued and the Calhoun County prosecutor said he would ask the county grand jury to vote kidnapping and murder indictments Monday.

Police found articles valued at about \$2,500 identified as loot from several Illinois and Missouri burglaries in Hubbard's St. Louis apartment. This included two nickel-plate rifles, two cash boxes, a motion picture projector, tools and a large supply of postage stamps.

The robbers had planned to force Waldheuser to accompany them to the bank and open the vault. About 30 townspeople had surrounded the house before the pair fled with the couple as hostages.

Robert Frost, Banker, Store Owner, Dies

WINCHESTER, Ill. — Robert Watson Frost, prominent banker, business man and farmer of Winchester, died at 9:42 o'clock Wednesday morning at his home in Winchester following an illness of two months.

Mr. Frost was born in Winchester, December 31, 1898, the son of the late Edward James and Edith Rankin Frost.

He graduated from the Winchester High school and attended the University of Illinois and Washington University at St. Louis.

Mr. Frost was united in marriage with Miss Lucy Rueter on June 4, 1939.

Mr. Frost, who had been employed at the Casper Super Market in Springfield for the past two years, still made his home at New Berlin. He had been ill for three weeks.

Mr. Roesch was born in New Berlin Dec. 11, 1904, the son of Edward and Mary Eselle Roesch. His parents preceded him in death. Surviving are two sisters, Miss Marie and Miss Edna Roesch and a niece, Miss Gloria Roesch, all at home. Also three brothers, Edward B. Roesch of Loomis; Arthur J. Roesch of Curran and Walter T. Roesch of Springfield and several other nieces and nephews.

Before Mr. Roesch operated the store and locker plant at New Berlin he was a special investigator for the State of Illinois. He was a member of St. Mary's Catholic church at New Berlin and the Jacksonville Elks Lodge 682. He was a veteran of World War II having served in the Army.

The body was taken to the Kirin and Egan funeral home in Springfield where friends may call. Funeral services will be held at St. Mary's church in New Berlin at a time to be announced.

He was a member of the firm of R. Frost Sons which operated continuously since 1888 and was founded by his grandfather Robert Frost.

The R. Frost Sons operated the First State Bank of Winchester, a drug store, hardware store and had extensive farming interests.

Mr. Frost is survived by his widow, Lucy Frost; a daughter, Janet, and a son, Edward. He also leaves a sister, Mrs. Horace M. Walmesley of Winchester.

He was a member of the First Baptist church, president of the First State Bank, treasurer of the Winchester Masonic Lodge, a member of the Kiwanis Club, Order of Eastern Star, White Shrine, East St. Louis Consistory and Shrine and president of the Perpetual Care of Winchester Cemetery.

For many years Mr. Frost was active in the business and civic life of Winchester.

Researchers Can't See Any Change In People Although Technology Will Alter Way Of Living

NEW YORK (AP)—Technology may change the way we live in 1960, but people are still going to look and act like people.

As a population, though, and as a statistic, we're in for some changes.

A major economic study soon to be published by the Twentieth Century Fund says there'll be alterations in the family pattern, in life expectancy, in income.

"America's Needs and Resources: A New Survey" took J. Fred- ert Dewhurst and his 25 research associates five years to put to- gether for the fund. They mea- sured the nation's economic strength and used it as a basis

for predicting what 1960 will be like, barring atomic war.

To start at the beginning, the survey pins down the baby situa- tion. The baby boom, which be- gan in the early '40s, started to slow down after 1953 and only a slight increase in the under-5 age group is expected by 1960.

Nevertheless at the present rate of growth, a population of 177 mil- lion is expected in five years. Now it's somewhat over 160 million.

From 1940 to 1950 more people got married—and divorced—and more babies were born than in any previous decade. Wedding bells aren't ringing quite so often now, but there should be about 15 million marriages from 1951-1960.

This is about 2½ million less than in the previous 10 years.

They married in haste during the war years, and repented at leisure. One out of four marriages ended in the divorce courts after World War II. But pointing up the triumph of hope over experience, three out of four went right out and got married again.

Divorce rates now are down from the postwar peak, but they're still running higher than before the war and the over-all trend is upward. The survey doesn't think the end is in sight either, and this means that marriage counselors will be doing brisk business in 1960.

On the other hand, husband hunt- ing apparently is getting easier—or women more irresistible. Back in 1890 one-third of the women never married. By 1950 it was down to less than one fifth.

Men must be getting encouraged about matrimony too. In 1890 nearly 44 per cent had never married. Now only slightly more than one fourth of the men are holding out. These trends are expected to con- tinue in the '60s.

Life expectancy keeps growing—and women still outlive men. A white baby boy born in 1900 could plan on reaching 48. If he were born today he could expect to cele- brate his 67th birthday. White girls who had an average life span of 51 years in 1900, now can count on 73. In 1960 the expectancy should be even longer.

The over-65 group, now 8 per cent, will make up 9 per cent of the total population in five years. Older workers may be more in demand then. Low birth rates dur- ing the depression will show up in the 20-34 age brackets in the late '50s and this will mean the over-40s and 50s will help to fill the gap workwise.

But young or old—the trend will be "go West" to work and live. The Pacific and mountain states are growing faster than the rest of the country. In the central sec- tion only Michigan will exceed the national rate of growth in 1960, and in the East, only Florida, Con- necticut and New Jersey.

Florida and California are ex- pected to grow fastest, with Cal- ifornia to be the second largest state in the Union by 1960, sup- planting Pennsylvania.

Migration from farms to cities will continue into the '60s, with the jostled city folks overflowing to the suburbs.

Total national output in five years should reach 414 billion dol- lars at current prices. This puts total personal income at 315 bil- lion and gives an average annual income of about \$6,200 a family. That's a 3 per cent increase over current figures.

No nation ever had it so good—and the future looks even brighter. It is only five years to 1960 but a lot can happen. It will be worth staying around for.

PARIS BABY HAS THREE OPERATIONS

PARIS, Ill. (AP)—A baby girl born only 34 days ago already has under- gone three major operations.

Karla Denise, daughter of Mr. and Mrs. Stanley Kent, had opera- tion April 2, April 14, and Tuesday for removal of a bowel obstruction and correction of a pancreatic de- ficiency.

Kent is the publisher of the Chrisman Weekly Courier. The Kents also have a 4-year-old son.

NOMINATED—Dr. James B. Conant has been nominated by President Eisenhower to be the first U.S. ambassador to the new federal republic of West Germany. Conant is now high commissioner of the U.S. sector of West Germany.

24 PARATROOPERS HURT IN WAR DRILL

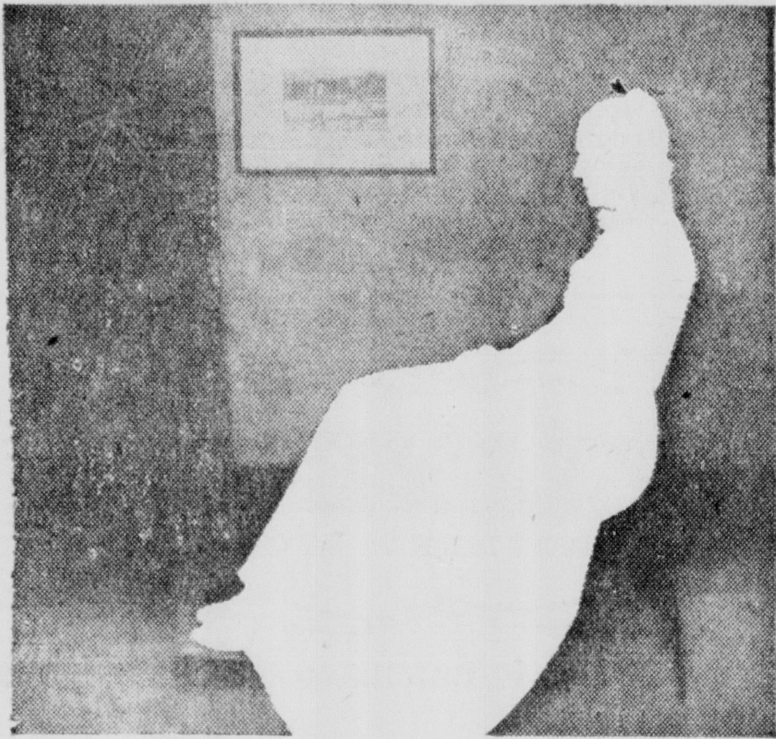

PANAMA (AP)—Twenty-four U.S. Army paratroopers were recovering today from injuries suffered in a mass drop during a war games exercise. The most serious injury was a broken nose.

Gusty winds which dragged the men over the ground were blamed for the mishap.

A total of 480 men of the 11th Airborne Division from Ft. Camp- bell, Ky., took part in the mass jump, staged at Rio Hato, 75 miles from Panama City.

Holds Revival

Rev. Bob Randall is in the midst of a two weeks' evangelistic campaign at Central Baptist church in this city, assisted by Erick Ahlquist, choir talk artist and song leader, and Rev. William Henry Spencer, pastor.

The series of services opened last Sunday night and will continue each night through Sunday, May 15. Services are held at 8 p.m.

Both Rev. Randall and Ahlquist have had wide experience in their chosen fields, both in this country and Europe.

The public is cordially invited to attend all services.

Cass 4-H Fair Plans Set Date As Aug. 25, 26, 27

VIRGINIA—Plans for the annual Cass county 4-H Fair are getting underway. The Fair will be held, August 25, 26, and 27, on the fairgrounds adjoining the Virginia high school. It is the history of the Fair, that each year it is larger and better than the preceding years and this year with improvements in the fairgrounds which will add to the comfort and convenience of the thousands of visitors and the many exhibitors, the 1955 Fair will surpass those of the past.

Woods M. Crum, president of the Cass county 4-H Fair, has announced the following committees for the coming Fair:

Sale committee: Stuart Tracey, chairman, Glenn A. Birnbaum; Premium book and advertising: Charles F. Hopkin, chairman, John R. Graves; Parade committee: Glenn A. Birnbaum, chairman; Alfred Dick; Weighing committee: Harold Hassman, chairman; Raymond Edge, Steve Treadway; Grounds and rules committee: Roy Strubbe; Sanitary facilities building committee: Herbert Strubbe, chairman, Alford Dick, Roy E. Anderson, Maurice Plattner; Rules and premium list: Stuart Tracey, chairman, Herbert Strubbe, Charles F. Hopkin; Entertainment and sound committee: Maurice Plattner, chairman, John Rolf, Mrs. Carroll Satorius (Home Bureau president); Finance committee: Richard P. Pugh, chairman, Alford Dick, Charles Agert; Cleanup committee: Herbert Strubbe, chairman, Charles Agert; Junior department and 4-H committee: Russell Merdith, chairman, Mrs. Bertha Varnum, Wendell C. Funk; Tent committee: Carl H. Walter, chairman, Lloyd Smith; Executive committee: Woods M. Crum, chairman, President; Roy E. Anderson, Vice President; John R. Graves, Secretary; Richard P. Pugh, Treasurer.

JOAN DREW WILL TOUR ORIENT WITH USO ENTERTAINERS

Miss Joan Drew of Carthage, Ill., a 1954 graduate of MacMurray College, will be remembered by many in the Jacksonville community as an outstanding musician. Word has just been received by friends in Jacksonville that she will join a group of 16 persons selected from the University of Indiana, under the sponsorship of the USO, who will go to the Orient this summer for an 11 weeks tour. The group will leave June 14 and arrive back Aug. 31.

Miss Drew indicated that she will spend a month in Tokyo and another month in Korea with the USO group. She will fly during the entire trip.

Miss Drew is to obtain her master's of music degree from the University of Indiana next month. She is an unusually talented contralto. She spent four years in study at MacMurray, where she won several awards and received many honors.

Local Women At Litchfield Pouvior For Eight & Forty

One hundred and sixty five reservations were received for the spring "Pouvior" of the Eight and Forty organization, honor group of April 30, with a banquet at the Gardens on highway 66 and ran through Sunday, May 1.

Montgomery-Macoupin Salon 54, headed by Mrs. Lillian Polts of Carlinville, arranged a circus

theme for the banquet. Mrs. Verna Boring, Carlinville, served as toastmistress.

The meeting officially opened at 10:45 Sunday morning after the group had attended church services of their choice. Mrs. Carl (Rose) Erickson, Chicago, State Chaplain, presiding. Mayor Lewis D. Yeager gave the welcome address. Also Legion and 40 & 8 brought greetings.

Twelve American Legion Auxiliary Department officers were registered for the meeting and among the honor guests was Mrs. Omar J. McMacklin of Salem, State Auxiliary president.

A three course dinner was served

at the Gardens. The tables were decorated with red potted geraniums. Numerous favors, gifts from No. 54 Salon and business houses.

At 2 p.m. the meeting was called to order. During this session nominations were accepted for officers for the La Marche Departmental to be held in Springfield August 29, 30, 31, at the Leland Hotel.

Those attending from Morgan Salon 320 were Edna Daly, Petite Chapeau, Angie Joy Klump, Secretaire Cassiere, and rules chairman of Departmental, Helen Scanlan, Bertie Spaulding, Rose Marie Grissen, Zella Reid.

State Patients' Program Includes Volunteer Talent

"April Reviews" was the title of the variety type show presented by the recreation department at the Jacksonville State Hospital gymnasium for patients and employees.

The first portion of the show was a group of numbers by the Hospital Glee Club, starting off with "April Showers" and concluding with a stirring arrangement of the "Battle Hymn of the Republic."

Margaret Williamson and Laura Smith, members of the Volunteer Service Program, singing the oblation.

The second portion of the program was presented by students of the Bluffs high school under the direction of Miss Joyce Theivart, supervisor of music: octette, "Great Day," quartette, "Tennessee Waltz" and "I'm an Old Cow Hand."

The third portion of the program, under the direction of Harold Dodd, band director of Beardstown high school, consisted of a trombone trio, saxophone quartette, and baton twirling solo.

The Jimmy Garrett School of Dance also from Beardstown presented three numbers: small girls in tap routine; baton solo and quartette of girls with a dance routine to "Down in Jungle Town."

Modern Art At Strawn Gallery May 5 To 12

The Jacksonville Art Association will close the season with The Classical Motif. The free exhibition from the Museum of Modern Art, New York, will be shown at the Strawn Art Gallery from May 5 through May 12 each afternoon and evening.

Many of the most famous and influential artists of the 20th century are represented in this exhibition which has been made possible by loans from private collectors as well as from the collections of the Museum of Modern Art.

Today's artists, like their ancestors before them, continue to be charmed by the art and mythology of ancient Greece and Rome—by gods and goddesses who behave like humans with all their foibles, and by nymphs and satyrs, idyllic lovers and heroic warriors. Moods range from the ominous "Gate to Hades" by Klee, and the violent "Mythological Bullfight" by Masson to the lyrical "Horses" by de Chirico and the humorous "Pan and a Dance" by Picasso. The surrealist "Nymph Echo" by Max Ernst contrasts with the abstract Venus by Gottlieb. A sort of modern neo-classic harmony is created in the sensitive lines of Madigan's "Amour volant" and Picaso's etchings for Ovid's "Metamorphoses," and in the sculptural forms of Mallio's "Juno" and Mori's "Head of Youth."

Among the other artists in the exhibition who find in classical motifs the greatest latitude for the exercise of their imaginations through various modern styles are Braque, Berman, Matisse, Chagall, Denis, Dufy, Ensor, Lipshitz, Hayter, Marini, Moore, Davies, Ben-Zion, Stamos, and Vytalil.

School For Deaf Program Friday To Be Televised

A group of students from the Illinois School for the Deaf will participate in a 15 minute television program on station WICS, Channel 20, Springfield, on Friday, May 6, at 11:30 a.m. The program has been prepared as part of the national observance of Better Hearing Week which was originated in the middle 1930's by the National Hearing Society, and is an annual effort all over the country to point out the need for programs of hearing conservation with better opportunities for children with impaired hearing.

As a part of the program, Thomas K. Kline, superintendent of the Illinois School for the Deaf, Miss Genevieve Drennen, from the State Department of Education, and Mrs. Elizabeth Abbott, a teacher of the deaf in the Springfield public schools will participate in a panel discussion relating to the entire program of education of children with impaired hearing in Illinois. There will be some discussion of the present program as well as the possibilities of increasing the contributions of the various state agencies toward the education of hearing impaired children.

Chorus of 24 Children
There will be 24 students from the state school comprising a chorus under the direction of Mrs. Rhonda Samore, teacher of rhythm classes in the school and Mrs. Elizabeth Blundt, teacher of speech and acoustic training. While the students do not carry the melody of today's most popular songs, they thoroughly enjoy learning to say the song in the rhythm of the music. They recently gave a program in Champaign at a workshop for teachers from all over the state where they were highly praised.

Receive Special Training
Included in the group are some who have almost no usable hearing as the results of early childhood

Carpet-Cleaning Discovery Hailed

What is said to be the "easiest and cleanest" home rug cleaner known as Blue Lustre is now available. It is the development of years of research.

Blue Lustre leaves no foreign residue in the nap after cleaning. The pile is left open and fluffy and the colors are restored to original brilliance as if by magic. All this plus the fact that it's easy to apply and safe for the finest fabrics makes Blue Lustre the answer to the wall to wall carpet cleaning problem.

Blue Lustre is a concentrate and inexpensive to use. A half gallon will clean three 9x12 rugs.

Girls Tie For Spelling Honors In K. of C. Match

CARROLLTON — Miss Marcella Seipp, an 8th grade student in St. Simond and Jude school at Gillespie, and Miss Karen Shaw of Jerseyville, a student at St. Francis Xavier's School, were each presented \$20 by the Knights of Columbus Chapter when the two spelled a selected list of 200 words and all of the words in an 8th grade spelling without either of them making a mistake at a spelling contest held Sunday at 2:30 p.m. in the local Knights of Columbus hall.

After the awards had been presented the girls decided that they would continue spelling from a college group of words and the winner was Miss Shaw of Jerseyville. There were 16 contestants in the contest with G. W. Lowe, county superintendent of schools, as the inquisitor and Judge Jack Alford

and Mrs. Richard Miller as the judges. Lee Pohlman, the Grand Knight of the Carrollton Council of Knights of Columbus, presided and introduced John Bergen of Staunton, the chapter commander, who was in charge of the spelling contest.

Contestants in the contest were Diana Tiburzi and Gerald Svetlik of Staunton; Frances Cordera and Marcella Seipp, Gillespie; Billy Cuthbertson and Jim Woods, Carlinville; Betty Evans and Sandra Rupp, Litchfield; Karen Shaw and Helen Schucklenbrock, Jerseyville; Ava Boehler and David Seelbach, Farmerville; Theresa Meyer and Donna Meyer, Carrollton; Tom Pickett and Carol Murphy, Virden.

RELATED STATE VISIT

Though London is only 92 miles away, the first state visit of a reigning British monarch to Stratford-on-Avon, where William Shakespeare was born in 1564, did not occur until April of 1950.

ASHLAND

ASHLAND—The third meeting of the Happy Hustlers 4-H club was held last Friday night at the home of Mary and Catherine Jones. Sharon Ann Mahoney gave a talk on Chosing Cloth, Eileen Christen on Salk Vaccine, specialty number by Catherine Jones and Eileen Christen. Sue Ann Doolin was in charge of the recreation house and refreshments were served.

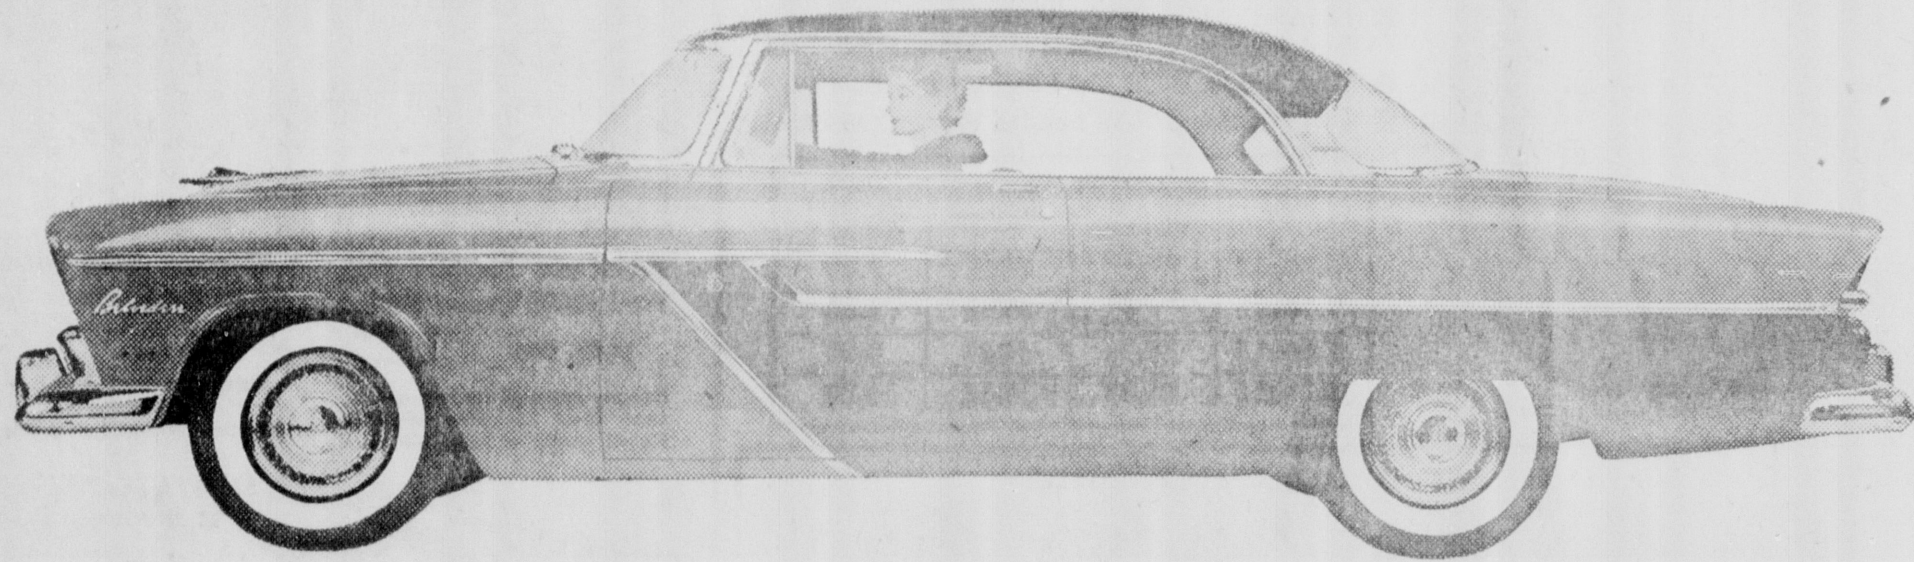

The BYF met Sunday evening in the Baptist church basement. Mrs. J. W. Smith and Mr. and Mrs. Tom Plowright led members in the program. Choruses were sung, and a brief business meeting was held and Mrs. Plowright led devotions.

The fat stock team attending the FFA contest Saturday at Greenfield included Richard Petefish, David Winkelman, Graham Reiken, Harrison Thornley and Robert Savage. Dairy judges were Bernard Criswell, Tom Dineen, Danny Duncheon and Edgar Birch. Richard Petefish was high scorer in stock team. Bill Western accompanied the boys.

Mrs. Annette Riggs was taken last Friday to the Memorial hospital in Springfield suffering from bronchial pneumonia.

FORMFUL—Sheila Ward looks on approvingly as Diane Sibbet takes a hurdle at London's Battersea Park. The girls are in training for outdoor track and field.

AMERICA'S FOREMOST ARTISTS VOTE PLYMOUTH

"AMERICA'S MOST BEAUTIFUL CAR!"

"To Plymouth in honor of the men and women who designed the 1955 Plymouth—most beautiful car of the year"

—SOCIETY OF ILLUSTRATORS CITATION

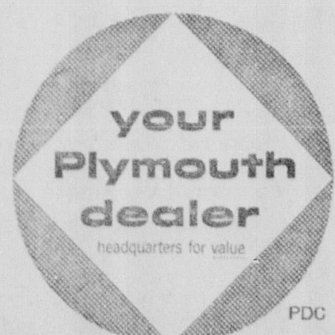

Plymouth is proud to announce this award bestowed by the famed Society of Illustrators, composed of the nation's most outstanding illustrators. To the trained eye of the professional artist, Plymouth's Forward Look styling represents the year's most perfect expression of beauty in automotive design.

You'll appreciate this beauty, too, but more than that, you'll appreciate what Plymouth's beauty does for you. How, for example, it gives you the greatest visibility of any low-price car... the roomiest interiors... the largest trunk.

But see for yourself. See America's most beautiful car today—the all-new PLYMOUTH!

What's the best place to save for Cowboys, Indians and Space Cadets?

Of all the reasons for saving money—and there are hundreds—certainly none is bigger or more important than building up a nest-egg to take care of your children's future.

And where's the best place to build up your nest-egg? Right now, 14 million Americans think the best place is an insured Savings and Loan Association! Here's why!

ONE—You get excellent returns. That's because insured Savings and Loan Associations invest most of their funds in sound, steady-paying home mortgages.

TWO—Your savings are safe—protected by good management and substantial reserves. They are insured up to \$10,000 by the Federal

Savings and Loan Insurance Corporation—an agency of the U. S. Government.

THREE—These Associations are local organizations. They offer friendly, helpful and convenient service.

And here's another point: When you're thinking of buying a home, remember that insured Savings and Loan Associations make liberal loans. They see to it that you get the money quickly—and at moderate rates.

Why not come in and open savings accounts for yourself and for your children today. And if you need a home mortgage loan, let's talk about that, too!

Once A Rye Field—Now Site For New Plant

This will be the last year for rye in a field located south of Meredosia, but it will be the future home for a chemical process plant being built by National Starch Products of New York City. The Chicago Bridge and Iron company put up the 100,000 gallon water tank with a 100 foot high stand-pipe. Steelworkers are erecting the framework of the process plant. J. L. Simmons & Co., Decatur, are putting up the building under a contract with Blaw-Knox, Pittsburgh chemical engineering firm. The plant is scheduled to be in operation July 15.

Virginia Pupils Honor Teacher, Ruth Gustafson

VIRGINIA—The senior class of the Virginia high school, with Miss Ruth Gustafson, Latin-English teacher, directing, presented a class play, "Star Light, Star Bright," in the high school Thursday evening, April 28. The comedy was enjoyed by an audience of 300 persons.

Before the last act, Alice Haywood, member of the class, announced there would be a tea in the gym in honor of Miss Gustafson, to which students who had been under her play direction during her many years of teaching, the members of the cast and their parents and all members of the senior class and high school faculty were invited. The event came as a surprise to Miss Gustafson.

The tea tables were attractively decorated and those serving were Sylvia Shortridge, Alice Haywood and Ethel Peterson. Coffee, tea, candy, cookies and nuts were served. The napkins, printed in gold letters, bore the words, "In Honor Of Miss Gustafson." About 120 were in attendance.

Miss Gustafson was presented a corsage of white roses and a gift of lovely lingerie.

More than 800,000 standard box cars would be required to load the annual U. S. production of paper and paperboard.

Open House At Oaklawn Sanatorium

During the past months many improvements have been made at Oaklawn Sanatorium. These include an elevator, X-ray equipment, new beds, chairs and tables for the patients' rooms. All floors in the entire building have been recovered. In the basement a room has been furnished for an occupational therapy and rehabilitation program.

These improvements have been made possible through the interest and sponsorship of various civic organizations and the board of directors.

Directors include Dr. W. H. Newcomb, president; John B. Wright, vice president and treasurer, and Arthur J. French, secretary.

Shown in the photo above are Rev. McKendree Blair, president of the Morgan County Tuberculosis and Public Health League; J. A. Long, treasurer; Dr. M. Greenberg, managing officer, and Mrs. John H. Hartman, executive secretary, seated in the new occupational therapy room and talking over plans for the open house, which will be from 2-4 p.m. Sunday, May 8.

The public is cordially invited to attend.

JHS SENIORS "GET ACQUAINTED" WITH MacMURRAY

Pittsfield BPW Club Holds Annual Girls Banquet

PITTSFIELD—The Business and Professional Woman's Club held its annual banquet for senior girls at the community center on Monday night, with ninety-one dinners served to the group. There were thirty-one senior girls and sixty members present at the meeting.

The program following the dinner was in charge of Mrs. Ruth Bunn. A skit on "How Not to Get A Job" was presented by members of the club, Miss Carol Claus, a senior girl, played a piano solo with which she had recently been winner in a contest.

Officers for the year were installed: Mildred Towell, president; Eulalie Wendler, vice president; Marguerite Brown, recording secretary; Gladys Bowman, corresponding secretary; Irene Stone, pianist; Alma Missal, chorister. Miss Marguerite Schedel is the retiring president.

The club has had an outstanding year, including the winning of two awards at the Illinois Conference of BPW Clubs in Chicago recently, the first for stabilizing membership and the second for obtaining a twenty per cent increase in membership.

Fortnightly Club
The Fortnightly Club held its final meeting of the year at the

A group of seniors from the Jacksonville high school enjoyed a "Get Acquainted" buffet supper served Sunday evening, May 1, at the home of Spencer Lane, director of admissions at MacMurray College. Four MacMurray freshmen served as hostesses to the JHS seniors, Agnes Carson of Jacksonville; Beverly Whitehead of Kirkwood, Mo.; Pat Stalder of Falls City, Neb.; and Peggy Somers of Canton. Professor Lloyd Graunke of the college, spoke informally on the special education offered by MacMurray.

home of Mrs. G. B. Meyer on Monday afternoon with Mrs. Edith Niebur, its president, in charge. Following the usual ritual of the club Mrs. A. W. Schimmel, Jr., gave two vocal solos to her own accompaniment and Mrs. Charles Shaw spoke on the life of Emily Dickinson and read several of her poems. The meeting closed with the recital of the collect.

Twenty-four members were present. Mrs. Niebur will continue as president for another year. The next meeting will be held in October.

The hostess served lovely refreshments of angel cake dessert, strawberry and pineapple sherbet, and escorted members through her flower garden, presenting each with a number of plants for transplanting.

Personals

Eldon Atwood, county superintendent of schools, plans to attend the state meeting of county superintendents to be held in Chicago during the weekend.

The infant son of Mr. and Mrs. Benjamin Akers of Nebo, born Sunday at Illini hospital, died Monday afternoon at 2:55.

Mrs. F. W. Nieber is reported to be seriously ill at Illini hospital, to which she was admitted Saturday afternoon, following an illness in her home.

CHANDLERVILLE

John Wilson of Fairview spent the weekend here at the home of Mr. and Mrs. Eugene Vaughn and son.

Mr. and Mrs. Guy Daniel of Jacksonville visited here Saturday evening with her mother, Mrs. Anna Sheedy.

Virgil Lewis of Virginia was a caller here Friday morning.

Mrs. Martin Rausch fell Friday at her home and was taken in the Lintner ambulance to the Passavant hospital.

Mr. and Mrs. Elmer Jurgens and sons of Ashland spent Friday evening here with his parents, Mr. and Mrs. G. L. Jurgens.

Mr. and Mrs. Heinz Missner and son, Mr. and Mrs. Ralph Grimmer and Vernon Reitzel of Springfield spent Sunday here with their father, Preston C. Reitzel.

DOUBLY HONORED—Floyd J. Pemberton of Detroit, Mich., has been named 1955 Driver of the Year by the American Trucking Association. He was also honored as Michigan Driver of the Year by that state's trucking association. The Commercial Carriers, Inc., employee was chosen for the industry's highest award for heroism for pulling two women from a flaming auto last December near Mason, Ohio. He has driven more than half a million miles in nine years with only one minor accident, involving \$65 damage.

MAN AND WIFE ADMITTING DRUNKEN DRIVING ARE JAILED

PITTSFIELD—William H. Smith and his wife, Lucille, were arrested by state police officers Saturday night on route 36 two miles west of Detroit on charges of driving while intoxicated. They were brought to the county jail here and on Monday were taken into county court before Judge Winthrop B. Anderson, where both pleaded guilty to the charge and were fined \$100 and costs of \$28 each, and were remanded to jail for failure to pay the fines.

Also appearing in County Court Monday was Curtiss Lee Toolate of Hannibal, Mo., charged with leaving the scene of an accident near Kinderhook on Sunday night, when his car sideswiped another. No one was injured in the accident, according to officers. Toolate was fined \$100 and costs of \$28 and was released upon payment of the fine.

Historical Speaker

PROF. RAY A. BILLINGTON

The early American fur trappers, the men who taught Davy Crockett the bear-hunting business, will be the subject of Prof. Ray A. Billington's address before a dinner meeting of the Illinois State Historical Society at MacMurray College on Friday evening, May 13. This talk by the Northwestern University professor of American history will climax the first day of the Society's fifty-sixth annual two-day Spring Tour.

The full title of his address is "Savagery vs. Civilization on the American Frontier: the Fur Trappers." Prof. Billington is also an editor and author, the latest of whose five books is "American History Before 1877."

The program planned by the Morgan County Historical Society for the state group includes several other talks on Illinois history, tours of the historic sites of Jacksonville and the new plants of the Mrs. Tucker's Products company and the Hertzberg-New Method book bind-

ery, as well as the campuses of Illinois and MacMurray college, the state School for the Deaf and the Braille and Sight Saving School. All the meetings and tour are open to the public.

Farewell Dinner Given Spencers Of Roodhouse

ROODHOUSE—A group of relatives gathered at the home of Mr. and Mrs. Otis Spencer, rural route, Roodhouse, Sunday, for a basket dinner. Mr. and Mrs. Spencer are leaving Sunday night to spend several months in the home of their son, Clyde Spencer, Yakima, Wash.

Those present Sunday to bid the couple farewell were Mr. and Mrs. Albert Denniston, Mr. and Mrs. Clyde Grider, Mr. and Mrs. June Shafer and two children, Mr. and Mrs. Paul Grider and children, Mr. and Mrs. Lester Denniston and children, Galesburg; Mr. and Mrs. Charles Cryder, Bill Schroeder and Sue and David, Kenneth Retzer and Dale McEvers, White Hall; Glenn Spencer, Jacksonville; Mrs. Guy Woods, Mrs. William Admire and sons, Mr. and Mrs. Vincent Reagor and family, Mr. and Mrs. Orval Canedy, Roodhouse.

Personals

Pvt. Noel Smith, son of Mr. and Mrs. C. C. Smith, has spent three weeks at home from Ft. Bragg, N.C. He reported to Camp Kilmer, N.J., May 1 from where he expects to leave for overseas service.

Born to Mr. and Mrs. Don Rees, a daughter, second child, Monday at Boyd Memorial hospital, Car-

rollton. The mother is the former Marlene Brant.

Jimmy Carmean, son of Mr. and Mrs. Franklin Glenn Carmean, is a patient at Passavant hospital, Jacksonville.

The Boosters Class of the Methodist church will hold a rummage sale in the uptown park on June 4. Mrs. James H. Orr is chairman of the committee on arrangements.

Mrs. Ethelyn Cuddy, a student of Mrs. Barr Brown, MacMurray College, Jacksonville, will participate in a recital at the college music hall Sunday afternoon, at 4:00 o'clock. Mrs. Cuddy will be accompanied by Mrs. Arthur T. Broche, also of this city.

Mr. and Mrs. Lloyd Smith visited in the home of Mr. and Mrs. Albert Ronk, Vandalia, Sunday.

Mr. and Mrs. Virgil McCracken and daughter, Carolyn, accompanied by Carolyn's friend, Jeanne Sprague, visited Lincoln's Tomb, Lincoln's Home and other points of interest at Springfield Saturday. They also witnessed the parade and both girls made reports on the tour at school on Monday.

George L. Lawson, son of Mrs. Alma Lawson, spent the weekend home from Chanute Field, where he is training in the air force.

Mr. and Mrs. Ralph Locher have returned home from Mt. Pulaski after a visit. They will leave May 8 in company with their son-in-law and daughter, Mr. and Mrs. William Wainwright of Mt. Prospect, for a week's vacation trip to Arkansas.

DON'T BE FOOLED—Those aren't giant babies sitting on the easy chair. Nor is the workman a midget. It's just a giant photograph of two very small children, being prepared for a photography show in Paris, France.

Now give your car year-round protection
against both major causes of engine wear with
one remarkable new Double-Duty oil...

NEW CONOCO Super MOTOR OIL

Protection #1: With "magnetic action" Conoco's exclusive Oil-Plating® additive binds a tough film of lubricant to engine parts—thus conquers friction wear.

Protection #2: Like a vacuum cleaner, Oil-Cleansing, a second Conoco discovery, gobbles up dirt, dust, and moisture—thus conquers corrosive wear.

Here's why your car needs the benefits
of this unique ALL-SEASON motor oil:

Your Conoco Dealer has a wonderful new "all-season" oil—New Conoco Super Motor Oil in the can with the gold band! It's America's first Double-Duty motor oil, which means you get full-time protection against both major causes of engine wear.

Oil-Plating conquers friction wear by plating a tough film of lubricant to engine surfaces, a film that is sure to "stay put" even when your car's engine is stopped overnight!

Oil-Cleansing conquers corrosive wear by neutralizing combustion acids... by holding moisture in suspension... and by "sealing up" particles of dirt, dust and refuse.

New Conoco Super (in 5W-20 and 10W-30 grades) promotes safer starts... helps reduce pre-ignition... improves gas mileage up to 15%! Ask your Conoco Dealer for New Conoco Super Motor Oil in the can with the gold band!

Make sure you get full-time
POWER plus
PROTECTION!

For full-time power, use Conoco Super Gasoline with TCP®. Get up to 15% more power... better gas mileage... longer spark-plug life... all the benefits of an engine tune-up. Use New Conoco Super Motor Oil, too, and you'll enjoy all of this great gasoline's higher-octane rating. Get both Super products today from your friendly Conoco Dealer!
